QUESTIONS AND ANSWERS ON VOTING

Q: What am I voting on?

A: Holders of common shares (“Shareholders”) of Aecon Group Inc. (“Aecon” or the “Corporation”) are voting on the election of directors to the board of directors of Aecon (the “Board”) until the next annual meeting of Shareholders, the approval of a director deferred share unit plan of the Corporation, the approval of a new management long term incentive plan of the Corporation, the advisory resolution to accept the Corporation’s approach to executive compensation, the reappointment of the auditors of Aecon for 2015 and the Board’s authorization to fix their remuneration and such other business as may be properly brought before the 2015 annual meeting of Shareholders (the “Meeting”), or any adjournment thereof.

Q: Who is entitled to vote?

A: Only Shareholders as at the close of business on May 1, 2015 are entitled to vote. Shareholders are entitled to one vote in respect of each share held on those items of business identified in the accompanying Notice of Annual Meeting of Shareholders of Aecon Group Inc. (the “Notice of Meeting”).

Q: How do I vote?

A: There are several ways you can vote your shares if you are a registered Shareholder. You may: (i) vote in person at the Meeting; (ii) sign the enclosed form of proxy appointing the named persons or some other person you choose, who need not be a Shareholder, to represent you as proxyholder and to attend the Meeting and to vote your shares; (iii) vote electronically on the internet at www.investorvote.com; or (iv) vote using a touch-tone phone by contacting Computershare Investor Services Inc. at 1-866-732-8683. If your shares are held in the name of a nominee, please see the final question and answer set out on pages (ii) and (iii) for voting instructions.

Q: What if I plan to attend the Meeting and vote in person?

A: If you are a registered Shareholder and plan to attend the Meeting on June 9, 2015 and wish to vote your shares in person at the Meeting, do not complete or return the form of proxy and do not vote on the internet or by telephone. Your vote will be taken and counted at the Meeting.

Please register with Aecon’s transfer agent, Computershare Investor Services Inc., upon arrival at the Meeting. If your shares are held in the name of a nominee, please see the final question and answer set out in this section for voting instructions.

Q: Who is soliciting my proxy?

A: The enclosed form of proxy is being solicited by the management of Aecon and the associated costs will be borne by Aecon. The solicitation will be made primarily by mail but may also be made by telephone, in writing or in person by employees of Aecon and/or Computershare Investor Services Inc.

Q: What if I sign the form of proxy enclosed with this circular?

A: Signing the enclosed form of proxy gives authority to John M. Beck or L. Brian Swartz, each of whom is an officer of Aecon, or to another person you have appointed in the form of proxy, to vote your shares at the Meeting.

Q: Can I appoint someone other than members of management of Aecon to vote my shares?

A: Yes. Write the name of this person, who need not be a Shareholder, in the blank space provided in the form of proxy. It is important to ensure that any other person you appoint that is attending the Meeting is aware that he or she has been appointed to vote your shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare Investor Services Inc. If you vote by telephone, you cannot appoint anyone other than the appointees named on the proxy form as your proxyholder.

Q: What do I do with my completed proxy?

A: Return it to Aecon’s transfer agent, Computershare Investor Services Inc., in the envelope provided, or by fax to 1-866-249-7775 within Canada and the United States, or +1-416-263-9524 from all other countries, so that it is received no later than 11:00 a.m. (Eastern Daylight Time) on June 5, 2015. This will ensure that your vote is recorded. Alternatively, electronic voting is available for the Meeting on the internet at www.investorvote.com and telephone voting is available by contacting Computershare Investor Services Inc. at 1-866-

732-8683. Further details on the electronic and telephone voting processes are provided in the enclosed form of proxy. If you vote using the internet or by telephone, do not complete or return the form of proxy.

Q: Can I change my vote once I have voted on the internet or by telephone or take back my proxy once I have given it?

A: Yes. If you voted on the internet or by telephone, you may vote again through such means before 11:00 a.m. (Eastern Daylight Time) on June 5, 2015. If you submitted a proxy and wish to revoke your proxy, prepare a written statement to this effect. The statement must be signed by you or your attorney as authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney of the corporation duly authorized. This statement must be delivered either to Aecon by fax at +1-416-940-2290 at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof at which the proxy is to be used or to the Chairman on the day of the Meeting, or any adjournment thereof.

Q: How will my shares be voted if I give my proxy?

A: The persons named on the form of proxy must vote for or against or withhold from voting your shares in accordance with your directions, or you can let your proxyholder decide for you. In the absence of such directions, proxies received by management will be voted FOR the election of directors to the Board, FOR the advisory resolution on the Corporation's approach to executive compensation, FOR the approval of the new management long term incentive plan, FOR the approval of the director deferred share unit plan and FOR the reappointment of the auditors together with the Board's authorization to fix their remuneration.

Q: What if amendments are made to these matters or if other matters are brought before the Meeting?

A: The persons named in the form of proxy will have discretionary authority with respect to amendments or variations to matters identified in the accompanying Notice of Meeting and with respect to other matters which may properly come before the Meeting. As of the time of printing of this management information circular, the management of Aecon knows of no such amendment, variation or other matter

expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the form of proxy will vote on them in accordance with their best judgment.

Q: How many shares are entitled to vote?

A: As at May 1, 2015 there were 56,447,711 common shares of Aecon outstanding. Each registered Shareholder has one vote for each common share held at the close of business on May 1, 2015.

Q: How will the votes be counted?

A: Each question brought before the Meeting is determined by a majority of votes cast on the question.

Q: Who counts the votes?

A: Aecon's transfer agent, Computershare Investor Services Inc., counts and tabulates the votes. This is done independently of Aecon to preserve the confidentiality of individual Shareholder votes. Proxies are referred to Aecon only in cases where a Shareholder clearly intends to communicate with management, the validity of the proxy is in question or where it is necessary to do so to meet the requirements of applicable law.

Q: If I need to contact the transfer agent, how do I reach them?

A: You can contact the transfer agent by mail at:

Computershare Investor Services Inc.
8th Floor
100 University Avenue
Toronto, Ontario M5J 2Y1

or by telephone within Canada and the United States at 1-800-564-6253 and from all other countries at +1-514-982-7888.

Q: If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?

A: There are two ways you can vote your shares held by your nominee. As required by Canadian securities legislation, you will have received from your nominee (or its agent) either a request for voting instructions or a form of proxy for the number of shares you hold. For your shares to be voted for you, please follow the voting

instructions provided by your nominee or its agent.

Since Aecon has limited access to the names of its non-registered (or beneficial) Shareholders, if you attend the Meeting, Aecon may have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the request for voting instructions or form of proxy and return same by following the instructions provided. Do not otherwise complete the form, as your vote will be taken at the Meeting. Please register with Aecon's transfer agent, Computershare Investor Services Inc., upon arrival at the Meeting.

SECTION ONE – MANAGEMENT INFORMATION CIRCULAR – VOTING MATTERS

Solicitation of Proxies

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by management of Aeon Group Inc. (the “**Corporation**” or “**Aeon**”) to be used at the annual meeting (the “**Meeting**”) of holders of common shares of the Corporation (“**Shareholders**”) to be held at 11:00 a.m. (Eastern Daylight Time) on June 9, 2015 for the purposes set out in the accompanying Notice of Annual Meeting of Shareholders of the Corporation (the “**Notice of Meeting**”). It is expected that the solicitation will be made primarily by mail, supplemented possibly by telephone or other personal contact by management or regular employees of the Corporation and/or the Corporation’s transfer agent, Computershare Investor Services Inc. The cost of any such solicitation will be borne by the Corporation. As of the time of printing the Circular, the Corporation does not intend to pay any compensation for the solicitation of proxies by third parties but will pay the reasonable expenses of persons who are the registered but not beneficial owners of voting shares of the Corporation (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) for forwarding copies of the Notice of Meeting, form of proxy, Circular and related material to beneficial owners. The Corporation will provide, without cost to such persons, upon request to the Corporate Secretary of the Corporation, additional copies of the foregoing documents required for this purpose.

Appointment, Time for Deposit and Revocability of Proxy

Each of the persons named in the enclosed form of proxy is an officer of the Corporation. **A registered Shareholder desiring to appoint some other person (who need not be a Shareholder) to attend and act for him, her or it at the Meeting may do so either by inserting such person’s name in the blank space provided in the form of proxy or by completing another proper form of proxy.** If a registered Shareholder wishes to vote by proxy, the proxy to be used at the Meeting must be delivered to Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 (fax: 1-866-249-7775 within North America or +1-416-263-9524 from all other countries). A proxy should be executed by the registered Shareholder or his or her attorney in writing or, if the registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Proxies to be used at the Meeting must be delivered to Computershare Investor Services Inc. so as to be received no later than 11:00 a.m. (Eastern Daylight Time) on June 5, 2015 (or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting at which the proxy is to be used) or delivered to the Chairman of the Meeting prior to the commencement of the Meeting, or any adjournment thereof, in order for the proxy to be voted. As an alternative to completing and submitting a proxy for use at the Meeting, a registered Shareholder may vote electronically on the internet at www.investorvote.com or by telephone by contacting Computershare Investor Services Inc. at 1-866-732-8683. Votes cast electronically or by telephone are in all respects equivalent to, and will be treated in the same manner as, votes cast via a paper form of proxy. Registered Shareholders who wish to vote using the internet or by telephone should follow the instructions provided in the enclosed form of proxy. Votes cast electronically or by telephone must be submitted no later than 11:00 a.m. (Eastern Daylight Time) on June 5, 2015 or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting.

A proxy given by a registered Shareholder may be revoked as to any motion on which a vote has not already been cast pursuant to the authority conferred by it, by instrument in writing executed by the registered Shareholder or by his or her attorney authorized in writing or, if the registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited either at the registered and head office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law. The registered and head office of the Corporation is located at 20 Carlson Court, Suite 800, Toronto, Ontario M9W 7K6. If a registered Shareholder has voted on the internet or by telephone and wishes to change such vote, such registered Shareholder may vote again through such means before 11:00 a.m. (Eastern Daylight Time) on June 5, 2015 or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized share capital of the Corporation consists of an unlimited number of common shares (“**Common Shares**”). On May 1, 2015, the Corporation had 56,447,711 Common Shares outstanding, each of which carries the right to one vote in respect of each of the matters properly coming before the Meeting.

The board of directors of the Corporation (the “**Board**”) has fixed a record date of May 1, 2015 (the “**Record Date**”) to determine Shareholders entitled to receive the Notice of Meeting. The failure of any Shareholder to receive a copy of the Notice of Meeting does not deprive the Shareholder of the right to vote shares in their name at the Meeting. Only registered holders of Common Shares as of the Record Date are entitled to vote such Common Shares at the Meeting on the basis of one vote in respect of each Common Share. Approval of each resolution that will be placed before the Meeting requires a majority of the votes cast at the Meeting on the resolution.

To the knowledge of the directors and executive officers of the Corporation, as at May 1, 2015, no person or company owned beneficially, or exercised control or direction over, directly or indirectly, securities carrying in excess of 10% of the voting rights attached to any class of outstanding voting securities of the Corporation.

EXERCISE OF DISCRETION BY HOLDERS OF PROXIES

The form of proxy provided to registered Shareholders with the Notice of Meeting and this Circular provides the registered Shareholder with an opportunity to specify that the Common Shares registered in his, hers or its name shall be voted “for”, “against” or withheld from voting in accordance with the instructions given on the form of proxy in respect of certain of the matters to be considered at the Meeting. On any ballot that may be called for, the Common Shares represented by proxies in favour of management nominees will be voted “for”, “against” or withheld from voting in respect of the election of directors, the advisory resolution on the Corporation’s approach to executive compensation, the approval of the director deferred share unit plan, the approval of the new management long term incentive plan and the reappointment and remuneration of auditors, in each case in accordance with the specifications made by Shareholders in the manner referred to above. **In respect of proxies in which registered Shareholders have not specified the manner of voting, the Common Shares represented by proxies in favour of management nominees will be voted: (i) FOR the election as directors of each of the persons listed as nominees in this Circular; (ii) FOR approving the director deferred share unit plan (the “Director DSU Plan”); (iii) FOR approving the Corporation’s new management long term incentive plan (the “New Management LTIP”); (iv) FOR the advisory resolution on the Corporation’s approach to executive compensation (or “Say-on-Pay Vote”); and (v) FOR the reappointment of PricewaterhouseCoopers LLP as the Corporation’s auditors and to authorize the Board to fix their remuneration.**

The enclosed form of proxy confers discretionary authority upon the proxy nominees with respect to amendments or variations of matters identified in the Notice of Meeting or other matters which may properly come before the Meeting. As of the date hereof, management knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters, which are not now known to management, should properly come before the Meeting, the Common Shares represented by proxies in favour of management nominees will be voted on such matter in accordance with the best judgment of the proxy nominee.

BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold Common Shares in their own name and thus are considered non-registered beneficial Shareholders. Only registered holders of Common Shares or the persons they appoint as their proxyholder are permitted to vote at the Meeting. However, in many cases, Common Shares beneficially owned by a person (a “**Beneficial Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including, among others, banks, trust companies, securities dealers, brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Beneficial Holder deals with in respect of the Common Shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant. Beneficial Holders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of

Common Shares can be recognized and acted upon at the Meeting. In accordance with the requirements of the Canadian Securities Administrators, the Corporation will have distributed copies of the Notice of Meeting, this Circular and the enclosed form of proxy to the clearing agencies and Intermediaries for onward distribution to Beneficial Holders. If you are a Beneficial Holder, your Intermediary will be the entity legally entitled to vote your Common Shares at the Meeting. Common Shares held by an Intermediary can only be voted upon the instructions of the Beneficial Holder. Without specific instructions, Intermediaries are prohibited from voting Common Shares.

Applicable regulatory policy requires Intermediaries to seek voting instructions from Beneficial Holders in advance of the Meeting. Often, the form of proxy supplied to a Beneficial Holder by its Intermediary is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Holder. The majority of Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Corporation ("**Broadridge**"). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. The Beneficial Holder is requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, the Beneficial Holder may call a toll-free telephone number or access the internet to provide instructions regarding the voting of Common Shares held by the Beneficial Holder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Holder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting, as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have such Common Shares voted.

Beneficial Holders should ensure that instructions respecting the voting of their Common Shares are communicated in a timely manner and in accordance with the instructions provided by their Intermediary or Broadridge, as applicable. Every Intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Holders in order to ensure that their Common Shares are voted at the Meeting.

Although a Beneficial Holder may not be recognized directly at the Meeting for the purpose of voting Common Shares registered in the name of their Intermediary, a Beneficial Holder may attend the Meeting as proxyholder for the Intermediary and vote the Common Shares in that capacity. **Beneficial Holders who wish to attend the Meeting and indirectly vote their Common Shares as a proxyholder should enter their own names in the blank space on the form of proxy or voting instruction form provided to them by their Intermediary and/or Broadridge, as applicable, and return the same in accordance with the instructions provided by their Intermediary and/or Broadridge, as applicable, well in advance of the Meeting.**

In any case, the purpose of the above noted procedures is to permit Beneficial Holders to direct the voting of the Common Shares which they beneficially own. Beneficial Holders should carefully follow the instructions and procedures of their Intermediary or Broadridge, as applicable, including those regarding when and where the form of proxy or voting instruction form is to be delivered.

Pursuant to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), the Corporation is distributing copies of proxy-related materials in connection with the Meeting indirectly to Beneficial Holders and the Corporation intends to pay for the cost of delivery to objecting Beneficial Holders. The Corporation is not relying on the notice-and-access delivery procedure set out in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

SECTION TWO – MATTERS TO BE ACTED UPON AT THE MEETING

RECEIPT OF FINANCIAL STATEMENTS

The audited financial statements of the Corporation for the financial year ended December 31, 2014 and the report of the auditors thereon will be presented to the Shareholders at the Meeting.

MATTER 1: ELECTION OF DIRECTORS

The articles of the Corporation provide for a minimum of eight and a maximum of fifteen directors. This year the Board has put forward eight nominees for election as directors at the Meeting.

After 13 years of service as a director, Austin Beutel will not be standing for re-election at the Meeting and will be retiring from the Board. Mr. Beutel has made a significant contribution to the Corporation's success through his strategic advice, his sound business acumen and his dedication during his tenure. The Board and the Corporation's management wish to thank Mr. Beutel for his service and contribution to the Corporation and its Shareholders.

It is proposed that each person whose name appears below be elected as a director to serve until the close of the next annual meeting of Shareholders or until his or her office is earlier vacated in accordance with the by-laws of the Corporation. Management of the Corporation does not contemplate that any of the proposed nominees will be unable to serve as a director but should that occur prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion.

Majority Voting for Election of Directors

The Board believes that each director should have the confidence and support of the Shareholders of the Corporation. To this end, the Board has unanimously adopted a majority voting policy (the "**Majority Voting Policy**") and all nominees for election to the Board will be required to confirm that they will abide by the Majority Voting Policy.

Forms of proxy for the election of directors will permit a Shareholder to vote in favour of, or to withhold from voting, separately for each director nominee. The Chairman of the Board will ensure that the number of shares voted in favour or withheld from voting for each director nominee is recorded and promptly made public after the meeting.

If a director nominee has more votes withheld than are voted in favour of him or her, the nominee will be considered by the Board not to have received the support of the Shareholders, even though duly elected as a matter of corporate law. Such a nominee will be expected to forthwith submit his or her resignation to the Board, effective on acceptance by the Board. The Board will refer the resignation to the Corporate Governance, Nominating and Compensation Committee (the "**CGNC Committee**") for consideration. A director nominee who tenders resignation under this Majority Voting Policy may not participate in any meeting of the CGNC Committee or Board at which the resignation is considered.

The Board will promptly accept the resignation unless the CGNC Committee determines that there are extraordinary circumstances relating to the composition of the Board or the voting results that should delay the acceptance of the resignation or justify rejecting it. In any event, the resignation will be accepted (or in rare cases rejected) within 90 days of the meeting. The Board's decision to accept or reject such a resignation and the reasons for its decision will be disclosed by press release promptly in accordance with applicable securities regulations and, in any event, within 90 days of receipt of the resignation.

Subject to any corporate law restrictions, the Board may (i) leave a vacancy in the Board unfilled until the next annual general meeting; (ii) fill the vacancy by appointing a new director who the Board considers to merit the confidence of the Shareholders; or (iii) call a special meeting of Shareholders to consider new Board nominee(s) to fill the vacant position(s).

The foregoing policy only applies in circumstances involving an uncontested election of directors. For the purpose of the Majority Voting Policy, an “uncontested election of directors” means that the number of nominees for election as a director is the same as the number of directors to be elected to the Board and that no proxy material is circulated in support of one or more nominees who are not named as nominees in the applicable management information circular of the Corporation.

Director Share Ownership Policy

The Corporation believes that it is important for its directors to have a significant stake in the Corporation to align their interests with those of the Shareholders. The Corporation’s Director Share Ownership Policy was introduced in March 2012 and required that each director hold no less than three times the director’s annual retainer in Common Shares, such shares to be acquired within five years from the later of the policy’s introduction or the date upon which the director joined the Board. The Director Share Ownership Policy was amended in March 2014 to increase the share requirement from three times the director’s annual retainer to five times the director’s annual retainer in Common Shares or deferred share units (“**DSUs**”). In determining whether each director satisfies the threshold requirements of the Director Share Ownership Policy, the TSX closing price of the Common Shares as of May 1, 2015 has been used. As of the date of this Circular, each director of the Corporation satisfies (or has time remaining to satisfy) the threshold requirements of the Director Share Ownership Policy. As management members of the Board, Mr. Beck and Mr. McKibbon are not subject to the requirements of the Director Share Ownership Policy but are required to adhere to the Senior Executive Share Ownership Policy. Please see “Managing Compensation Related Risk – Senior Executive Share Ownership Policy” in Section Three of this Circular for further details.

Director Independence

National Instrument 58-101 – *Disclosure of Corporate Governance Practices ("NI 58-101")* and National Policy 58-201 *Corporate Governance Guidelines ("NP 58-201")* set out a series of Canadian Securities Administrators ("**CSA**") guidelines for effective corporate governance (collectively, the "**CSA Guidelines**"), including the criteria used in determining the independence of directors. The Board shall at all times be constituted of a majority of individuals who are independent within the meaning of the CSA Guidelines. Based on the information received from each director of Aecon, the Board has concluded that all proposed directors, with the exceptions of John M. Beck and Terrance L. McKibbon, are independent within the meaning of the CSA Guidelines.

As shown in the following table, 6 of 8 nominees for election to the Board are independent:

Name of Director	Independent	Non-Independent	Reason for Non-Independent Status
John M. Beck		✓	Mr. Beck is the Executive Chairman of the Corporation.
Michael A. Butt	✓		N/A

Director Attendance

The following table summarizes the attendance at Board and committee meetings held during the financial year ended December 31, 2014 of the individuals who served as directors of the Corporation in 2014 and who are standing for re-election. The Board expects the directors to attend all meetings of the Board and Board committees upon which they serve, to come to such meetings fully prepared and to remain in attendance for the duration of the meetings. Consideration is given to the attendance record of directors in assessing the proposed

nominees for election as directors to ensure that directors are able to continue to devote sufficient time to the business and affairs of the Corporation.

During the financial year ended December 31, 2014, each proposed nominee for election as a director attended at least 92% of the Board and Board Committee meetings held during the period that such individual was a director of the Corporation, each member of the Audit Committee attended 100% of the Audit Committee meetings held during the period that such individual was a member of the Audit Committee, each member of the CGNC Committee attended 100% of the CGNC Committee meetings held during the period that such individual was a member of the CGNC Committee and each member of the EHS Committee attended 100% of the EHS Committee meetings held during the period that such individual was a member of the EHS Committee. According to the Corporation's by-laws, the quorum for the transaction of business at any meeting of the Board must consist of at least 50% of the directors. In 2014, a quorum was met at every Board meeting held.

Director Summary Compensation Table

Director compensation is set by the Board on the recommendation of the CGNC Committee. The CGNC Committee seeks to maintain director compensation at a level that is competitive with director compensation at comparable companies.

The Corporation retained Towers Watson to provide benchmarking information in this regard and to provide information on general trends and practices in director compensation. In 2011, Towers Watson conducted a comparative review of director compensation drawing on two comparator groups which included construction and engineering companies based in Canada and the United States and Canadian companies with comparable revenue to the Corporation (see Section Three, "Statement of Executive Compensation – Benchmarking"). Based on the results of the benchmarking review, the CGNC Committee set the current annual retainer, committee membership and chairmanship retainers, Lead Director retainer, and meeting attendance fees. The CGNC Committee also determined that the Audit Committee Chair retainer should be differentiated from the annual retainer paid to Chairs of other committees in order to reflect the increased responsibility, risk and time commitment associated with serving as Chair of the Audit Committee. In late 2013, the Corporation retained Meridian Compensation Partners ("**Meridian**") to review the Corporation's director compensation package relative to a comparator group. Meridian concluded that Aecon's distribution of total compensation elements is closely aligned with the comparator group (see Section Three, "Statement of Executive Compensation – Benchmarking"). Based on Meridian's review and recommendations, in March 2014, the Board decreased the annual Lead Director retainer and increased the annual CGNC Committee Chair retainer to more accurately reflect the responsibility, risk and time commitment of each of those roles.

The following table sets forth the details regarding compensation paid to the Corporation's non-management directors during the financial year ended December 31, 2014:

Notes:

- (1) John M. Beck and Terrance L. McKibbin were NEOs, and as such any options granted to them as directors of the Corporation are included in the column entitled "Option-Based Awards" under the heading "Summary Compensation Table", below.
- (2) Based on the closing price of the Common Shares on the TSX on December 31, 2014, being \$10.71 per share, and the option exercise price of the stock options.
- (3) Based on the closing price of the Common Shares on the TSX on December 31, 2014, being \$10.71 per share.

In May 2014, the Board modified the director compensation program by replacing stock option grants to non-management directors with a director deferred share unit plan (the "**Director DSU Plan**") in order to promote greater alignment of long-term interests between directors and the Shareholders of the Corporation. A DSU is a right to receive an amount of cash or, subject to Shareholder approval at the Meeting, shares from the Corporation equal to the value of one Common Share. DSU grants for directors are approved by the Board based on the recommendation of the CGNC Committee. The number of DSUs granted is based on competitive and market conditions, including share-based awards granted to directors of other corporations of comparable market capitalization to the Corporation.

The number of DSUs awarded to a director is equal to the value awarded by the Corporation on an annual basis divided by the closing price of a Common Share on the TSX averaged over the five trading days prior to the date of the award. DSUs vest on the first business day following the date the director ceases to serve on the Board, thereby providing an equity stake in the Corporation throughout the director's term as a Board member. DSUs do not entitle the director to any voting or other Shareholder rights. Directors also have an option to receive up to 50% of their annual retainer fee that is otherwise payable in cash in the form of DSUs, and the number of DSUs received by such electing director is equal to the value of the retainer fee that a director elects to receive in DSUs divided by the closing price of a Common Share on the TSX averaged over the five consecutive days prior to the date received.

Subject to Shareholder approval of the Director DSU Plan at the Meeting, the Corporation will have the option to settle Director DSUs in cash or by issuing shares from treasury or a combination of both. See "Adoption of the Director DSU Plan" below for more detail on the Director DSU Plan.

Director Option Awards

As discussed above, starting in May 2014 the Board replaced stock option grants to non-management directors with the Director DSU plan in order to promote greater alignment of long-term interests between directors and the Shareholders of the Corporation. Prior to 2014, each director of the Corporation was eligible to participate in the stock option plan (the “**Option Plan**”). Option grants for directors were approved by the Board based on the recommendations of the CGNC Committee. The number of stock options granted was based on competitive and market conditions, including options awarded to directors of other corporations of comparable market capitalization to the Corporation.

There were a total of six director option grants from 1998 to 2013. If a director had been in place since 1998, as at December 31, 2014, such director would have received a total of 350,000 options being 75,000 in 2000; 100,000 in 2006; 100,000 in 2008; 25,000 in 2011; 20,000 in 2012; and 30,000 in 2013.

Value Vested or Earned During the Financial Year Ended December 31, 2014

Non-management directors did not earn any amounts pursuant to option-based plans, share-based plans or non-equity incentive plans in 2014, nor did any value vest to any non-management directors pursuant to such plans in 2014. John M. Beck and Terrance L. McKibbon are NEOs (as defined hereinafter), and as such the value vested to or earned by them during the year in respect of option-based plans, share-based plans or non-equity incentive plans is included under the heading “Incentive Plan Awards - Value Vested or Earned During the Financial Year Ended December 31, 2014” below.

MATTER 2: ADOPTION OF THE DIRECTOR DSU PLAN

As of August 2014, the Board replaced stock option grants to non-management directors with the Director DSU plan in order to promote greater alignment of long-term interests between directors and the Shareholders of the Corporation. As the Director DSU Plan allows for settlement of DSUs through issuances of Common Shares from treasury, in accordance with the requirements of the Toronto Stock Exchange (“**TSX**”), the Director DSU Plan must be approved by Shareholders. The resolution approving the Director DSU Plan, which requires an affirmative vote of a majority of the votes cast at the Meeting, is attached to this Circular as Appendix 4. The Director DSU Plan was approved by the Board on August 11, 2014. The following discussion is qualified in its entirety by the Director DSU Plan, the full text of which is set out in Appendix 3 to this Circular.

The purpose of the Director DSU Plan is to assist the Corporation in attracting, retaining and motivating qualified individuals to serve as members of the Board and to further align the interests between eligible directors and the Shareholders of the Corporation. The current maximum number of Common Shares which may be issued pursuant to the Director DSU Plan is 750,000 (approximately 1.3% of the currently outstanding Common Shares (on a non-diluted basis) (the “**Share Reserve**”)) of which 630,401 (or approximately 1.1% of the currently outstanding Common Shares on a non-diluted basis) remain available for issuance as of the date hereof. The total number of Common Shares issuable pursuant to actual grants of DSUs under the Director DSU Plan is 119,599 (0.2% of the Common Shares outstanding). Since the adoption of the Director DSU Plan, these 119,599 DSUs have been granted to 8 directors, each of whom are deemed to be an insider of the Corporation. As the Director DSU Plan has not yet been approved by Shareholders, these DSUs are subject to Shareholder ratification and cannot be settled in Common Shares until Shareholders have approved and ratified the Director DSU Plan and these grants. Should Shareholders not ratify these DSUs and RSUs, they may only be settled in cash.

DSUs are units that are credited to an eligible director’s account, the value of which, on a particular date, shall be equal to the share price of a Common Share for such date. The number of DSUs that a participant is entitled to receive for any fiscal year in respect of a DSU award shall be based upon the value of the DSU award as determined by the CGNC Committee and subsequently approved by the Board divided by the share price of a Common Share on the date of the DSU Award. The share price for a particular date is deemed to be the average closing price of the Common Shares on the TSX during the five trading days prior to such date. Under no circumstances shall DSUs be considered Common Shares nor shall they entitle any participant to exercise voting rights or any other rights attaching to the ownership or control of Common Shares, including, without limitation, rights on liquidation, nor shall any participant be considered the owner of any Common Shares to be delivered under the Director DSU Plan until the date of purchase or issuance of such Common Shares, as elected by the Board.

The Board may grant awards of DSUs from time to time to each director designated by the CGNC Committee as eligible to participate in the plan. The DSUs are then credited to the participant's account on the award date. In any particular year the Board may, in its sole discretion, determine not to make an award to a particular eligible director or to all eligible directors as a group. See "Matters to be Acted Upon at the Meeting – Election of Directors" for details on the amount of DSUs held by each of the directors of the Corporation.

The Director DSU Plan is administered by the CGNC Committee of the Board. Subject to the limitations set forth in the Director DSU Plan, the CGNC Committee's authority includes:

- (a) establishing policies and adopting rules and regulations for carrying out the purposes, provisions and administration of the Director DSU Plan, and amending and rescinding such rules and regulations from time to time;
- (b) determining which directors of the Corporation are eligible to receive DSU awards;
- (c) interpreting and construing the Director DSU Plan and to determining all questions arising out of the Director DSU Plan; and
- (d) prescribing the form of instruments used in conjunction with the Director DSU Plan.

Each eligible director may irrevocably elect, once each calendar year, to receive 50% of his or her annual retainer in the form of DSUs, with the balance to be paid in cash. If no election is made, the participant will be deemed to have elected to receive the annual retainer in cash.

The Corporation may, in its absolute discretion, elect one or any combination of the following payment methods for the DSUs credited to a participant's account following the participant's termination date:

1. pay cash, equal to the number of DSUs credited to the participant's account multiplied by the fair market value of the shares, to the participant or the participant's legal representative, as the case may be;
2. issue new Common Shares to the participant or the participant's legal representative, as the case may be (if the Director DSU Plan is approved at the Meeting);
3. purchase Common Shares on the TSX through an independent intermediary for the account of the participant or the participant's legal representative, as the case may be; or
4. provide notice in writing to the participant or the participant's legal representative, as the case may be, as to the deferral of payment and as to the date such payment is actually to be made.

No one participant may receive any DSU award or be credited with DSUs which, together with all DSUs held by such participant would permit such participant to be issued a number of Common Shares which is greater than 4.0% of the total outstanding Common Shares. The value of DSUs or other share units or options granted to any one Director DSU Plan participant within each calendar year, under all security based compensation arrangements of the Corporation, shall not exceed \$150,000. The maximum number of Common Shares which may be issued to insiders under the Director DSU Plan within a one year period or which may be issuable to insiders at any time, under all security based compensation arrangements of the Corporation, shall be 4.0% of the Common Shares outstanding at the time of the issuance. Any increase in the Common Shares reserved shall be subject to the approval of the Shareholders of the Company in accordance with the rules of the TSX.

The Board may, without Shareholder approval, amend, suspend or cancel the Director DSU Plan as it deems necessary or appropriate, provided that any approvals required under applicable law or the rules of any stock exchange on which the Common Shares trade are obtained. Any DSUs which remain outstanding in a participant's account at termination shall continue to be dealt with according to the terms of the Director DSU Plan. The Board may, without Shareholder approval, make any amendments to the Director DSU Plan including, but not limited to, those (i) necessary to ensure that the Director DSU Plan complies with applicable law and regulatory requirements; (ii) respecting administration of the Director DSU Plan and eligibility for participation; (iii) respecting the terms and conditions on which DSUs may be granted; (iv) concerning the addition of, and any

subsequent amendment to, any financial assistance provision; (v) that are of a “housekeeping” nature; and (vi) that do not require Shareholder approval under applicable laws or regulatory requirements.

Notwithstanding the foregoing, the following changes to the Director DSU Plan will require Shareholder approval in accordance with the requirements of the TSX: (i) any increase in the maximum number of Common Shares issuable from treasury; (ii) any change in the definition of “Share Price” which would result in an increase in the value of DSUs; (iii) any change in the term of any DSUs; (iv) an amendment to the amending provisions of the Director DSU Plan so as to increase the Board's ability to amend the Director DSU Plan without Shareholder approval; (v) any change to the categories of individuals eligible to be selected for grants of DSUs where such change may broaden or increase the participation of insiders under the plan; (vi) any amendment to remove or exceed the insider participation limits; or (vii) an amendment that would permit DSUs to be transferrable or assignable other than for normal estate settlement purposes.

Except as required by law, the rights of a participant under the Director DSU Plan are not capable of being anticipated, assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the Participant.

In the event of a cash dividend, capital reorganization, merger, amalgamation, offer for Common Shares which if successful would entitle the offeror to acquire all of the Common Shares, sale of assets, arrangement, reorganization, increase or decrease in the outstanding Common Shares as a result of stock splits or recapitalization, such proportionate adjustments, if any, as the CGNC Committee in its discretion may deem appropriate to reflect such change, shall be made with respect to the number of DSUs credited to the accounts maintained for the participants. Dividend equivalents will be awarded in respect of DSUs in a participant's account on the same basis as dividends declared and paid on Common Shares, as if the participant was a Shareholder of record on the relevant record date. Such dividend equivalents will be credited to the participant's account as additional DSUs (or fractions thereof), with the number of additional DSUs based on a) the actual amount of dividends that would have been paid if the DSUs credited to the participant's account on the applicable record date had been Common Shares, divided by b) the closing price for Common Shares on the TSX on the date on which the dividends on Common Shares are payable.

THE BOARD RECOMMENDS A VOTE FOR THE ORDINARY RESOLUTION, SET OUT IN APPENDIX 4, APPROVING THE ADOPTION OF THE DIRECTOR DSU PLAN.

MATTER 3: ADOPTION OF THE NEW MANAGEMENT LTIP

As of August, 2014, the Board replaced the previous management long term incentive plan with the New Management LTIP in order to continue to promote greater alignment of long-term interests between management and the Shareholders of the Corporation. In accordance with the requirements of the TSX, Shareholders will be asked to consider and, if thought fit, to pass an ordinary resolution approving the New Management LTIP adopted in favour of senior executives or other employees of the Corporation or a wholly-owned subsidiary who, by the nature of his or her position is, in the opinion of the CGNC Committee of the Board, in a position to contribute to the success of the Corporation. The resolution approving the New Management LTIP, which requires an affirmative vote of a majority of the votes cast at the Meeting, is attached to this Circular as Appendix 6. The New Management LTIP was approved by the Board on August 11, 2014. The following discussion is qualified in its entirety by the New Management LTIP, the full text of which is set out in Appendix 5 to this Circular.

The purposes of the New Management LTIP are to provide a financial incentive for participants to devote their efforts to the long term success of the Corporation's business by aligning participants' financial interests with those of the Corporation, to provide a financial disincentive for participants to resign their employment at the Corporation, thus assisting in the retention of key employees, and to ensure that the total compensation provided to Participants is at market competitive levels. The New Management LTIP seeks to achieve these purposes by linking the financial compensation of participants to both the long term earnings and share price performance of the Corporation and by limiting the vesting of certain awards until retirement or cessation of employment.

Under the New Management LTIP, participants are granted rights to receive DSUs or restricted share units (“RSUs”), each representing the right to receive one common share or the market value thereof, which will not

vest until retirement or other cessation of employment (in the case of DSUs) or over a 3 year period of employment (in the case of RSUs). The specific vesting conditions shall be determined by the CGNC Committee. The minimum vesting period for RSUs and DSUs is three months from the date of award.

For each fiscal year, the CGNC Committee will approve a notional long term incentive plan pool (the “**LTIP Pool**”) equal to 10% of the Corporation’s average earnings before interest and taxes (EBIT) over the trailing three years. The total number of Common Shares issuable pursuant to actual grants of DSUs under the New Management LTIP is 854,179 (1.5% of the Common Shares outstanding) and the total number of Common Shares issuable pursuant to actual grants of RSUs under the New Management LTIP is 751,778 (1.3% of the Common Shares outstanding). Since the adoption of the New Management LTIP, these 854,179 DSUs have been granted to 80 employees, including 5 insiders, and these 751,778 RSUs have been granted to 38 employees, including 5 insiders. As the New Management LTIP has not yet been approved by Shareholders, these DSUs and RSUs are subject to Shareholder ratification and cannot be settled in Common Shares until Shareholders have approved and ratified the New Management LTIP and these grants. Should Shareholders not ratify these DSUs and RSUs, they may only be settled in cash.

The number of DSUs and RSUs awarded to a participant in respect of the LTIP pool will be determined by dividing the participant’s initial award, as determined by the CGNC Committee, by the fair market value of the DSUs or RSUs on the applicable award date. The fair market value is the volume weighted average trading price per Common Share on the TSX during the immediately preceding five trading days. Under no circumstances shall DSUs or RSUs be considered Common Shares, nor shall they entitle any participant or other person to exercise voting rights or any other rights attaching to the ownership of Common Shares. Awards previously granted shall be adjusted upwards for cash dividends paid with respect to the underlying Common Shares.

Participants are required to maintain a minimum DSU threshold, wherein participants must maintain a certain multiple of their base salary in the form of DSUs equivalent to between two and three times their annual base salary. All awards to a participant in respect of the LTIP Pool will be made in the form of DSUs until such participant has reached the requisite threshold value of DSUs held. The portion of any award exceeding the threshold will be provided in the form of RSUs.

The maximum number of shares which may be issued pursuant to the New Management LTIP and all other security based compensation arrangements of the Corporation is 4.0% of the Corporation’s total outstanding shares. As a result, should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the New Management LTIP will increase accordingly. The New Management LTIP is considered an “evergreen” plan, since the Common Shares covered by DSUs and RSUs which have vested shall be available for subsequent grants under the New Management LTIP and DSUs and RSUs available to grant increases as the number of issued and outstanding Common Shares of the Corporation increases. No one participant may receive any award which, together with all awards then held by such participant would permit such participant to be issued a number of Shares which is greater than 4.0% of the Corporation’s total outstanding shares. The number of shares which may be issued to insiders within any one year period, or which may be issuable to insiders at any time, under all security based compensation arrangements of the Corporation, shall not exceed 4.0% of the Corporation’s total outstanding shares. The Corporation shall have no obligation to issue shares in respect of any RSUs or DSUs under the New Management LTIP and shall not issue shares under the New Management LTIP unless such issuance complies with applicable law, including the requirements of the TSX.

Settlement of a participant’s vested RSUs and DSUs may be in newly issued Common Shares (if the New Management LTIP is approved at the Meeting), Common Shares bought on the open market, cash or any combination of such Common Shares and cash, as determined by the CGNC Committee. Settlement of vested RSUs and DSUs in Common Shares shall be made by way of (i) the issuance by the Corporation of one Common Share for each RSU or DSU being settled in newly issued Common Shares as of the relevant settlement date or (ii) the purchase on behalf of the participant (or his or her legal representative, as the case may be) on the relevant stock exchange through an independent intermediary of one Common Share for each RSU or DSU being settled in Common Shares bought on the open market as of the relevant settlement date. Settlement of vested RSUs and DSUs in cash shall be made by way of the lump sum payment of an amount equal to the fair market value on the relevant settlement date multiplied by the number of RSUs and/or DSUs being settled in cash as of such settlement date.

In the event that a participant's employment is terminated without cause, all DSUs previously awarded to such participant will vest, but unvested RSUs will expire. In the event that a participant dies or retires after reaching 65 years of age, all DSUs and RSUs previously awarded to such participant will vest.

In the event that a participant's employment is terminated for cause or a participant resigns prior to reaching 56 years of age, all DSUs and unvested RSUs will be forfeited. If a participant retires between the ages of 56 and 65, all unvested RSUs will be forfeited, but DSUs become eligible to vest on a straight-line basis annually between the ages of 56 and 60.

All RSUs and DSUs granted pursuant to the New Management LTIP shall automatically vest upon a "Change of Control", immediately prior to the Change of Control. For the purposes of the Plan, "Change of Control" means any of the following events: (a) the acquisition by any person or persons acting jointly or in concert, whether directly or indirectly, of voting securities of the Corporation which together with all other voting securities of the Corporation held by such persons, constitute 20% or more of the votes attached to all outstanding voting securities of the Corporation; (b) any business combination of the Corporation with another person which results in the holders of voting securities of that other entity holding 20% or more of the votes attached to all outstanding voting securities of the entity; (c) the sale, lease or exchange of all or substantially all of the property of the Corporation to another person; (d) the gaining of the ability of one or more other persons, acting jointly or in concert, directly or indirectly, to control the composition of the majority of the board of directors; or (e) the gaining of the ability of one or more other persons, acting jointly or in concert, directly or indirectly, to direct or cause the direction of the management, actions or policies of the Corporation. Although all RSUs and DSUs vest immediately upon a "Change of Control", they are paid out in the ordinary course pursuant to the New Management LTIP.

The Board may, without Shareholder approval, amend, suspend or cancel the New Management LTIP as it deems necessary or appropriate, provided that any approvals required under applicable law or stock exchange rules are obtained. No termination or amendment of the plan may adversely affect the rights of a participant with respect to any DSUs or RSUs which the participant has been granted. The Board may, without Shareholder approval, make any amendments to the New Management LTIP including, but not limited to, those (i) necessary to ensure that the New Management LTIP complies with applicable law and regulatory requirements; (ii) respecting administration of the New Management LTIP and eligibility for participation; (iii) respecting the terms and conditions on which DSUs or RSUs may be granted; (iv) concerning the addition of, and any subsequent amendment to, any financial assistance provision; (v) that are of a "housekeeping" nature; and (vi) that do not require shareholder approval under applicable laws or regulatory requirements.

Notwithstanding the foregoing, the following changes to the New Management LTIP will require Shareholder approval in accordance with the requirements of the TSX: (i) any increase in the maximum number of Common Shares issuable from treasury; (ii) any change in the definition of "Fair Market Value" which would result in an increase in the value of DSUs or RSUs; (iii) any change in the term of any DSUs or RSUs; (iv) an amendment to the amending provisions of the New Management LTIP so as to increase the Board's ability to amend the New Management LTIP without Shareholder approval; (v) any change to the categories of individuals eligible to be selected for grants of DSUs or RSUs where such change may broaden or increase the participation of insiders under the plan; (vi) any amendment to remove or exceed the insider participation limits; or (vii) an amendment that would permit DSUs or RSUs to be transferrable or assignable other than for normal estate settlement purposes.

The assignment or transfer of unvested RSUs and DSUs, or any other benefits under the New Management LTIP, shall not be permitted. Unless otherwise determined by the Board, the New Management LTIP shall be unfunded.

THE BOARD RECOMMENDS A VOTE FOR THE ORDINARY RESOLUTION, SET OUT IN APPENDIX 6, APPROVING THE ADOPTION OF THE NEW MANAGEMENT LTIP.

MATTER 4: ADVISORY VOTE ON EXECUTIVE COMPENSATION ("SAY-ON-PAY VOTE")

The Corporation's compensation policies and procedures are based on the principle of pay for performance. The Board believes they align the interests of the Corporation's executive team with the long-term

interests of the Shareholders. The Board also believes that Shareholders should have the opportunity to fully understand the objectives, philosophy and principles used in its approach to executive compensation decisions and to have an advisory vote on the Board's approach to executive compensation. This non-binding advisory Shareholder vote, commonly known as "Say-on-Pay," gives each Shareholder an opportunity to either endorse or not endorse the Corporation's approach to its executive pay program and policies through the following resolution:

"Resolved, on an advisory basis and not to diminish the role and responsibilities of the Board, that the Shareholders accept the approach to executive compensation disclosed in this management information circular delivered in advance of the 2015 annual meeting of Shareholders of the Corporation."

Approval of the above resolution will require an affirmative vote of a majority of the votes cast at the Meeting.

The purpose of the Say-on-Pay advisory vote is to provide appropriate director accountability to the Shareholders of the Corporation for the Board's compensation decisions by giving Shareholders a formal opportunity to provide their views on the disclosed objectives of the executive compensation plans, and on the plans themselves, for the past, current and future fiscal years.

While Shareholders will provide their collective advisory vote, the directors of the Corporation remain fully responsible for their compensation decisions and are not relieved of these responsibilities by a positive advisory vote by Shareholders.

As this is an advisory vote, the results will not be binding upon the Board. However, the Board will take the results of the vote into account, as appropriate, when considering future compensation policies, procedures and decisions and in determining whether there is a need to significantly increase their engagement with Shareholders on compensation and related matters. The Corporation will disclose the results of the Say-on-Pay vote as a part of its report on voting results for the Meeting.

In the event that a significant number of Shareholders oppose the resolution, the Chair of the Board will oversee a consultation process with the Shareholders, particularly those who are known to have voted against it, in order to better understand their concerns. The CGNC Committee will review the Corporation's approach to compensation in the context of those concerns. Shareholders who have voted against the resolution will be encouraged to contact the CGNC Committee to discuss their specific concerns.

Following the review by the CGNC Committee, the Corporation will disclose to Shareholders a summary of the significant comments relating to compensation received from Shareholders in the process, a description of the process undertaken and a description of any resulting changes to executive compensation or why no changes will be made. The Corporation will provide this disclosure within six months of the Say-on-Pay vote, and no later than in the management information circular for its next annual meeting.

The Board recognizes that Say-on-Pay is an evolving area in Canada and globally, and will review this policy annually to ensure that it is effective in achieving its objectives.

The results of the Say-on-Pay advisory vote will be disclosed as part of the report on voting results for the Meeting. The Board is pleased that the Corporation's Shareholders overwhelmingly supported its executive compensation approach in 2013 by using their Say-on-Pay to vote 92.3% "FOR" and 7.7% "AGAINST" at the 2014 annual meeting of Shareholders.

THE BOARD RECOMMENDS A VOTE FOR THE CORPORATION'S APPROACH TO EXECUTIVE COMPENSATION, AS DESCRIBED IN THE "STATEMENT OF EXECUTIVE COMPENSATION" IN THIS CIRCULAR.

MATTER 5: APPOINTMENT AND REMUNERATION OF AUDITORS

The Shareholders will be asked at the Meeting to pass a resolution confirming the re-appointment of PricewaterhouseCoopers LLP, Chartered Accountants, of 18 York Street, Suite 2600, Toronto, Ontario, Canada M5J

OB2 as auditors of the Corporation. PricewaterhouseCoopers LLP were the Corporation's auditors for the financial year ended December 31, 2014.

More detailed information respecting the Corporation's Audit Committee and audit-related fees paid to the external auditors for the financial year ended December 31, 2014 can be found on pages 35-36 and in Appendix A of the Corporation's Annual Information Form dated March 30, 2015 which is available for review under the Corporation's SEDAR profile at www.sedar.com.

THE BOARD RECOMMENDS A VOTE FOR THE RE-APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS AUDITORS OF THE CORPORATION FOR THE FINANCIAL YEAR ENDING DECEMBER 31, 2015 AND AUTHORIZING THE BOARD TO FIX THE AUDITORS' REMUNERATION.

SECTION THREE – STATEMENT OF EXECUTIVE COMPENSATION

For the financial year ended December 31, 2014, the Corporation had five named executive officers (“NEOs”), namely: (i) John M. Beck, Executive Chairman; (ii) Terrance L. McKibbin, President and Chief Executive Officer; (iii) David Smales, Executive Vice President and Chief Financial Officer; (iv) L. Brian Swartz, Executive Vice President, Legal and Commercial Services; and (v) Paula Palma, Executive Vice President and Chief People and Information Officer.

The objective of the below disclosure is to communicate to Shareholders the compensation the Corporation paid to its NEOs for the financial year ended December 31, 2014, to provide insight into executive compensation as a key aspect of the overall stewardship and governance of the Corporation, and to inform Shareholders as to how decisions about executive compensation matters relating to the Corporation are made.

COMPENSATION COMMITTEE REPORT

The CGNC Committee has reviewed and discussed with management the following Compensation Discussion and Analysis. Based on that review and discussion, the CGNC Committee has recommended to the Board that the following Compensation Discussion and Analysis be included in this Circular.

COMPENSATION DISCUSSION AND ANALYSIS

Corporate Governance, Nominating and Compensation Committee Composition

As of the date of this Circular, the CGNC Committee is comprised of four members of the Board, namely: (i) Michael A. Butt (Chair); (ii) Joseph A. Carrabba; (iii) Monica Sloan; and (iv) The Hon. Brian V. Tobin, P.C., O.C., none of whom is eligible to participate in the Corporation’s executive compensation programs. Mr. Tobin is also the Vice Chairman and Lead Director of the Corporation. No member of the CGNC Committee is an officer, employee or former officer or employee of the Corporation or any of its affiliates and each is considered “independent” of the Corporation within the meaning of the CSA Guidelines.

The CGNC Committee is responsible for oversight of the Corporation’s compensation plans, including conducting regular reviews of the Corporation’s compensation philosophy and developing and fostering a compensation policy that rewards the creation of shareholder value and reflects an appropriate balance between short and long-term performance. With respect to compensation matters, the CGNC Committee makes recommendations to the Board on all aspects of executive compensation relating to the Corporation, particularly those regarding executive officers, including salary and salary structure for executives and employees, bonus awards, stock option grants, and incentive plans and policies. In late 2014 and early 2015, Meridian, the independent consultant to the CGNC Committee, conducted an assessment of competitive positioning of Aecon’s executive compensation relative to the comparator group (see “Benchmarking”, below, for a detailed discussion of the selection process and criteria used to establish the comparator group). As part of this review, Meridian considered the levels and mix of NEO compensation.

Executive Compensation Experience and Expertise of the CGNC Committee

Michael A. Butt is the Chairman and Chief Executive Officer of Buttcon Limited. Mr. Butt has held executive positions in the construction industry over the last 40 years, has been a member of the Board since 1994, has been a member of the CGNC Committee since its formation and was a member of the predecessor Human Resources and Compensation Committee (“HRC Committee”). Joseph A. Carrabba is the former Chairman, President and Chief Executive Officer of Cliffs Natural Resources Inc. He has served in various leadership and executive positions in the mining industry for over 20 years. Monica Sloan is the former Chief Executive Officer and Managing Director of Intervera Ltd., a data quality product and solutions firm servicing the energy and utilities industry and has broad leadership experience. She also serves as a director at Methanex Corporation, the world’s largest supplier of methanol and is ICD.D certified. The Honourable Brian V. Tobin has been a member of the CGNC Committee since its formation in 2011 and was a member of the predecessor HRC Committee commencing in June 2005. Mr. Tobin has held a number of senior executive and chair roles with other companies, is currently the

Vice-Chairman of BMO Capital Markets, the Chair of New Flyer Industries Inc. and is ICD.D certified. As such, each member of the CGNC Committee has significant experience and expertise in executive compensation.

Objectives of Executive Compensation Program and Strategy

The nature of the industry in which Aecon participates is based on delivering successful projects to clients with positive financial results to the Corporation. The importance placed on performance and delivering positive financial results is woven through Aecon's executive compensation philosophy, which ensures that total compensation for its NEOs is competitive and directly linked to the actual performance results of both the individual officer and the Corporation. The objective of the Corporation's compensation policy is to attract, retain and motivate highly-competent individuals who can ensure the current and long-term success of the Corporation. The Corporation's NEO compensation program is designed to reward NEOs for delivering positive financial results which has the consequential effect of increasing shareholder value, achieving superior corporate performance, improving operations and executing on corporate strategy. The same performance-driven results approach is taken by the Corporation with respect to the compensation of management personnel other than the NEOs.

The CGNC Committee and the Board as a whole, working with management, have been successful in assembling an executive team that has developed the strategic priorities of the Corporation and has made progress towards achieving these objectives over the past several years. The CGNC Committee plays a key role in supporting the Board in its oversight of succession planning (see "Succession Planning" in Section Seven of this Circular). At the corporate level, the CGNC Committee believes that John M. Beck, Executive Chairman and Terrance L. McKibbin, President and Chief Executive Officer, are ably backed by a strong team of executives.

The Corporation has four operating segments, each of which is directed by a senior executive officer who reports directly to the President and Chief Executive Officer. The objective of the Corporation's operating structure is to implement and maintain strong executive teams at the operating segment level while realizing synergies from the Corporation's "One Aecon" approach under the direction of the President and Chief Executive Officer. Furthermore, the Corporation has established an executive committee (the "**Executive Committee**") comprised of key corporate executives and headed by the President and Chief Executive Officer. The Executive Committee is charged with developing, implementing and coordinating the goals and strategy of the Corporation.

Benchmarking

The CGNC Committee benchmarks compensation against a comparator group (the "**Comparator Group**"), which is comprised of publicly traded construction and engineering, metals and mining, machinery, energy equipment, road and rail transportation, professional services and metal fabricating companies that are of comparable size, scope, market presence and/or complexity to the Corporation and that comprise the Corporation's primary competition for talent and for customers. The Corporation is positioned approximately at the median of the Comparator Group, which is comprised of companies ranging from approximately one third to three times the size of the Corporation, on the basis of revenue and assets. The Comparator Group was recommended by the CGNC Committee's independent compensation advisor, Meridian, and approved by the CGNC Committee, taking into account the Corporation's direct competitors for executive talent. The Comparator Group includes high-performance companies, market share leaders, innovators, and businesses with desirable cultures and recognized management talent. Some international competitors are included in the Comparator Group because of the limited number of comparable publicly traded construction and infrastructure companies in Canada. The Corporation does not target compensation to a particular level, but uses benchmarking as a reference in setting compensation.

The following table sets out the Corporation's 2014 Comparator Group companies:

Company	2014 Revenue (\$M)	Company	2014 Revenue (\$M)

Independent Advice

In 2014 and 2015, the CGNC Committee retained independent compensation consultants Meridian to provide independent advice to the CGNC Committee in connection with matters pertaining to executive compensation. Meridian completed a benchmarking analysis of NEO executive pay and reviewed the peer company selection criteria and updated the Comparator Group. Meridian also provided advice to the CGNC Committee about director compensation, the relationship between compensation and enterprise risk, the Corporation's executive compensation programs and governance and compensation best practices as set out by proxy advisory firms. Meridian does not provide any services to management of the Corporation. In 2013, management retained Towers Watson to provide ad hoc independent advice in connection with the Corporation's short-term incentive plan ("STIP"). All consulting and advisory services provided by, and fees paid to, the compensation consultants at the request of management not related to executive compensation were pre-approved by the CGNC Committee.

The table below reports the fees paid by the CGNC Committee to independent compensation consultants in the 2014 and 2013 financial years. Other than the services described above with respect to compensation matters, no additional services were provided to the Corporation by independent compensation consultants.

Consultant	Type of Fees	2014	2013
Meridian	Executive compensation-related fees	\$23,853	\$97,321
	All other fees	Nil	Nil
Towers Watson	Executive compensation-related fees	Nil	\$3,402

MANAGING COMPENSATION RELATED RISK

General Compensation Policies and Practices

The CGNC Committee is actively involved in the risk oversight of the Corporation's compensation policies and practices and considered the implications of the risks associated with the Corporation's compensation policies and practices. Managing enterprise risk is embedded in all of the Corporation's key decisions and the Board directly approves all significant projects undertaken by the Corporation.

The Corporation uses the following practices to discourage or mitigate excessive risk-taking:

- the Board approves the Corporation's strategic business plan, financial and other targets and budgets, which are considered in the context of assessing performance and awarding incentives, before the start of each year;
- incentive awards for divisional employees are based on division-wide actual financial results, personal performance and safety records and the pools are capped at a fixed percentage of operating profit;
- incentive awards for corporate employees are based on company-wide actual financial results and personal performance and the pools are capped at a fixed percentage of the Corporation's earnings before taxes;
- there is a performance element to 12.5% of the STIP award for NEOs tied to a financial metric as well as personal performance;
- there is an appropriate mix of pay, including fixed and performance based compensation with short and longer term performance conditions;

- the Corporation has share ownership requirements for NEOs and expressly prohibits hedging of Common Shares and share-based compensation awards;
- the Corporation has a clawback policy which allows it to require repayment of incentive compensation under certain circumstances (see “Clawback Policy” below);
- amounts are not paid under the Corporation’s annual incentive plans until achievement of the relevant financial results has been confirmed by the audited financial statements;
- the Corporation’s performance-based long-term incentive programs include RSUs which vest over three years and DSUs which vest at the end of employment. The RSUs are granted annually with overlapping vesting periods. These programs ensure that executives remain exposed to the risks of their decisions and that vesting periods align with risk realization periods;
- the Corporation’s Senior Executive Share Ownership Policy requires certain executive officers to hold two to three times their base salary in Shares, RSUs or DSUs;
- the Board is responsible for assessing and monitoring the Corporation’s enterprise risks. As well, Mr. Butt is a member of both the Audit Committee (which has direct responsibility for assessing the Corporation’s financial and enterprise risks) and the CGNC Committee. Accordingly, the CGNC Committee has direct information respecting the Corporation’s enterprise risk when making compensation decisions;
- the Audit Committee and the CGNC Committee meet annually to confirm that the Corporation’s compensation plans align with the identified risks; and
- the CGNC Committee maintains overall discretion to adjust annual incentive payments to take into account both unexpected and extraordinary events.

As a result of the CGNC Committee’s review of its compensation plans, it has concluded that there are no identified risks arising from its compensation programs which are reasonably likely to have a material adverse effect on the Corporation.

Board Oversight of Risk

As part of its oversight duties, the Board examines current conditions such as the macroeconomic environment, size, nature and unique characteristics of the construction and infrastructure development industry, geographic markets and the basis, size and strength of the Corporation’s competition on an ongoing basis.

The Board also identifies, categorizes, analyzes and prioritizes risks. To assist the Board, management has compiled a list of over 100 risks that the Corporation faces across ten categories, including: financial, hazard, strategic, operational, human resources, third party liability, environmental health and safety, governance, information technology, cybersecurity and policy and reputational risks. Additionally, management has developed a detailed colour-coded heat map used to pictorially prioritize risks along the lines of severity, likelihood and ability to mitigate. The heat map ranks uncontrolled and residual risks according to severity.

The Board also plays an active role in determining risk capacity, risk tolerance and risk appetite by (i) assessing the Corporation’s balance sheet and quantifying the Corporation’s debt capacity; (ii) assessing the Corporation’s strength and position within its industry; and (iii) considering the desired rate of return on a particular project or transaction.

The Corporation, with the assistance of the Board, has implemented a number of proactive response strategies to mitigate risk, including developing a sound succession plan, carrying appropriate levels of insurance, vetting all major projects, subcontractors and foreign agents, limiting major capital expenditures and limiting major contracts to highly credit-worthy parties. The Corporation’s Bidding Requirements Policy establishes the framework for the review and approval of projects and strategic partners to ensure that proposal teams carry out an appropriate level of commercial, legal and risk review. The Corporation’s Risk Evaluation Committee meets

quarterly to discuss the current status of significant projects. The Corporation’s Project Review Committee meets weekly to identify risks and vet major projects prior to bid pre-qualifications and bid submissions. The Corporation’s Commercial Risk Committee reviews the most significant risks of major projects from a multi-disciplinary perspective prior to review by the Project Review Committee. Because a significant proportion of the Corporation’s revenue is derived from major projects which must be approved by the Board, the Board is responsible for approving projects which comprise the Corporation’s main revenue source. The Board also receives regular reports from the Executive Committee, the Executive Operations Committee and the Executive Operations Team, which meet monthly or quarterly to discuss key strategic and business issues and opportunities, financial performance and results, operational issues, key business services and safety matters.

Clawback Policy

As part of Aecon’s compensation framework for employees, which is intended to align compensation with the creation of long-term Shareholder value without encouraging excessive risk-taking, Aecon implemented and maintains a clawback policy (“**Clawback Policy**”). Under the current terms of the Clawback Policy, all executive compensation awards are subject to clawback when (i) there is an error in reporting financial results (whether that error is deliberate or not) which leads to the correction or restatement of financial results, (ii) a senior executive receives an award calculated on the achievement of those financial results, and (iii) the award received would have been lower had the financial results been properly reported. The Clawback Policy further provides that a clawback may be triggered if an executive officer has committed a material breach of the Corporation’s Code of Conduct. The Corporation is committed to the highest ethical standards and consequently all breaches of the Corporation’s anti-corruption and anti-bribery policies will be considered to be material breaches of the Corporation’s Code of Conduct for the purposes of the Clawback Policy.

The Clawback Policy requires that when the clawback is triggered, all incentive payments received by the senior executive over the 24 months preceding the triggering event are subject to clawback as determined by the CGNC Committee. The CGNC Committee will take into consideration which senior executives, on an individual or group basis, will be impacted and to what extent based on specific circumstances.

Hedging Prohibition

The Corporation maintains a policy prohibiting executives and directors from, among other things, entering into speculative transactions and transactions designed to hedge or offset a decrease in market value of Common Shares or share-based incentive awards. Accordingly, senior executives and directors may not sell short, buy put options or sell call options on the Common Shares or purchase financial instruments (including prepaid variable contracts, equity swaps, collars or units of exchange funds) which hedge or offset a decrease in market value of the Common Shares.

Senior Executive Share Ownership Policy

The Corporation has a Senior Executive Share Ownership Policy pursuant to which the Corporation’s senior executives are required to hold Shares, RSUs and DSUs with an aggregate value as follows:

Chief Executive Officer	5 times annual base salary
Executive Chairman and Executive Vice Presidents	3 times annual base salary
Senior Vice Presidents	2 times annual base salary

This requirement must be met by the later of 2017 (2015 for the CEO) and within five years of appointment. As of May 1, 2015, the value of Common Shares, RSUs and DSUs held by John M. Beck, the Executive Chairman was \$12,193,576 or 16.7 times his base salary for the year ending December 31, 2014 and the value of Common Shares, RSUs and DSUs held by Terrance L. McKibbin, the President and Chief Executive Officer was \$7,852,927 or 11.8 times his base salary for the year ending December 31, 2014. Messrs. Beck and McKibbin, as well as all other NEOs, currently satisfy the Senior Executive Share Ownership Policy.

Equity Participation Programs

A critical element of executive compensation is equity participation by senior executives of the Corporation. The CGNC Committee believes that executives must be motivated not only to improve financial results, but also the Corporation’s share price over the long-term for the benefit of Shareholders. Senior executives

are required to own a significant number of Common Shares pursuant to the Senior Executive Share Ownership Policy.

Long-term incentive compensation for senior executives (including the NEOs) is provided through the Corporation's long-term incentive plan. Awards granted pursuant to the New Management LTIP are in the form of performance-based DSUs or RSUs.

ELEMENTS OF COMPENSATION

Total compensation for NEOs consists of four principal components: (i) base salary; (ii) incentive bonus awards pursuant to the STIP linked directly to the individual's performance and the Corporation's performance and financial results; (iii) equity participation pursuant to the New Management LTIP; and (iv) pension benefits. Each component has a different function, as described in greater detail below, but all elements work together to reward the NEOs appropriately for individual and corporate performance. Base salary generally forms a significant portion of an NEO's total compensation. However, bonus awards and equity based compensation have the potential to be significant elements of an NEO's total compensation as the Corporation's performance and financial results improve or as its Common Share price appreciates.

In making compensation recommendations to the Board in respect of the Corporation's 2014 financial year, the CGNC Committee considered the financial results achieved by the Corporation and management's performance in achieving goals and strategic targets set by the Corporation from time to time. The CEO and CFO of the Corporation complete scorecards in respect of their performance objectives, which are set by the CGNC Committee. The scorecards consist of target ratings on a quarterly and annual basis and evaluate the individual's operational, strategic, process and personal objectives. The CGNC Committee uses the scorecards as a factor in evaluating the individual's performance against objectives and in setting compensation. In addition, the CGNC Committee and the Board maintain overall discretion to reduce or increase the size of the variable portion of the total compensation in extraordinary circumstances, such as material changes in business performance, major regulatory changes or risk failures, exceptional achievements by a particular NEO or to address unique or unexpected market events.

In the 2014 financial year, the total compensation of the NEOs as a group was comprised, on average, of base salary as to 29.2% performance-based cash incentive bonus awards as to 21.7%, equity participation programs as to 42.2% (comprised of long-term incentive plan awards), other compensation and taxable benefits as to 5.9% and pension benefits as to 1.0%.

Base Salary

Base salaries are considered an essential element in attracting and retaining the Corporation's senior executives, including the NEOs. Base salaries for 2014 were consistent with determinations made in previous years and were determined based on the skill, ability, experience and contributions of the individual executive, the need to attract and retain executives and recommended base salary ranges applicable to executive positions (from time to time, as appropriate, the CGNC Committee has engaged independent compensation consultants as an additional source of information in making its compensation recommendations). As most construction companies comparable to the Corporation are privately owned or are divisions of large public companies, there is limited comparative compensation information available to the CGNC Committee and the Board in order to assist them in determining levels of compensation for the NEOs. Notwithstanding the foregoing, the CGNC Committee believes that the base salaries of the NEOs are competitive with industry norms and consistent with public companies having comparable revenues to that of the Corporation. The CGNC Committee's executive compensation philosophy has generally been to set base salaries slightly below the average for comparable positions in comparable companies and to structure performance and financial results related compensation in a manner that allows executives to increase their compensation, through delivery of superior financial results, to a level above the average paid at comparable companies.

Bonus Awards

The Corporation's performance-linked STIP provides NEOs with the opportunity to receive annual cash bonuses based on individual and corporate performance results for the previous financial year. If individual performance goals are met and if the Corporation achieves positive financial results, NEOs will be eligible to earn a bonus award linked directly to such performance. Under the terms of the plan, the CGNC Committee establishes a

performance-linked profit-sharing pool for employees, which is a fixed percentage of Aecon's actual earnings before tax in the most recently completed financial year. For 2014, the performance-linked profit-sharing pool was comprised of (i) 5% of the Corporation's earnings before taxes, and (ii) a set percentage of the Corporation's operating profit. Within this performance-linked profit sharing pool, each NEO is eligible to receive a number of profit sharing points at the start of the year based on his or her role and level within Aecon. At the end of the year, each NEO's profit-sharing points are adjusted up or down to reflect individual achievement of performance objectives (including a financial metric and safety) and/or the Corporation's performance and financial results. If the NEO fails to achieve his or her individual performance objectives or the Corporation does not meet its performance or financial targets, the NEO's profit-sharing points are reduced. Likewise, if the NEO exceeds his or her individual performance objectives and/or the Corporation exceeds its performance and financial results, the NEO's profit-sharing points are increased. The amount of profit sharing points awarded to the CEO is 80% based on the Corporation's performance and financial results and 20% on achievement of individual performance objectives. For the other NEOs, the amount of profit sharing points awarded is 70% based on the Corporation's performance and financial results and 30% based on the achievement of individual performance objectives.

At the end of the fiscal year, the total amount of the performance-linked profit-sharing pool is divided by the total number of profit sharing points of all employees to determine the point value in dollars. Each NEO's individual awarded profit sharing points are then multiplied by the point value to determine the quantum of the annual bonus. If corporate performance and financial results are disappointing, the profit-sharing pool and point value used for NEO bonuses will decrease; whereas, if corporate performance and financial results are exceptional, the profit-sharing pool and point value will increase for each NEO. This methodology specifically links the value of each NEO's annual bonus award directly to the achievement of individual objectives and the performance and financial results of the Corporation through the amount of earnings before taxes generated for the Corporation. The CGNC Committee believes this performance-linked approach is an effective method to create value for Shareholders over both the short and long-term.

Aecon's STIP program is designed to be performance-linked and results driven in order to reward individuals for positive corporate performance and financial results. The determination of the amount of a STIP award to any one NEO in a given financial year takes into consideration the Corporation's overall STIP allocation for key senior executives. As illustrated in the Summary Compensation Table below, the STIP awards earned by Aecon's NEOs in 2014 were generally lower than those earned in 2013. This trend was true for executives in the corporate office and across all operating segments as the Corporation's financial performance, in particular earnings before taxes, did not match the financial results achieved in 2013.

Long-Term Incentive Plan

DSUs and RSUs

The performance-linked DSU and RSU awards that Aecon grants under its New Management LTIP are designed to focus senior executives on the long-term financial performance of the Corporation, to serve as a retention tool for select executives by providing a financial disincentive for New Management LTIP participants to leave the Corporation prematurely, and to better align the interests of senior executives with those of shareholders. The level of DSU and RSU awards granted each year under the New Management LTIP are based on the corporate performance and financial results over a rolling three-year period and performance of the senior executive and feature vesting periods that extend well into the future.

DSUs and RSUs represent the right to receive one common share (subject to Shareholder approval of the New Management LTIP at the Meeting) or the market value thereof in cash. The New Management LTIP, which is open to a limited number of senior executives of the Corporation, is funded based on 10% of Aecon's earnings before interest and tax over a rolling three-year period. Until a senior executive achieves a certain ratio of DSUs to annual base salary, the performance-linked awards under the New Management LTIP will be in the form of DSUs. After this ratio of DSUs to annual base salary is achieved, the awards under the New Management LTIP are comprised of RSUs.

DSUs do not vest until a executive's retirement, or upon other cessations of employment such as termination without cause. RSUs vest over a three-year period. DSU and RSU awards are forfeited if the executive resigns his or her employment with Aecon before a certain age or is terminated for cause. The Board believes that

the DSUs and RSUs granted pursuant to the New Management LTIP align the interests of key executives to the long-term interests of Shareholders.

For a detailed discussion of the principal terms of the New Management LTIP plan, please see the description under “Matters to be Acted Upon by Shareholders — Adoption of the New Management LTIP” discussed above.

Stock Option Plan

Prior to the adoption of the New Management LTIP and the Director DSU Plan, stock option grants were made pursuant to the Option Plan. Stock option grants are no longer made, as the CGNC Committee believes that the New Management LTIP promotes greater alignment of long-term interests between management and the shareholders of the Corporation.

Option awards were discretionary, as recommended by the CGNC Committee to the Board and were periodically awarded. Pursuant to the Option Plan, the Corporation was not permitted to repurchase underwater options for cash and has never done so.

For a summary of the principal terms of the Option Plan, please see the Corporation’s management proxy circular in respect of the Corporation’s annual and special meeting held on June 15, 2010 filed under the Corporation’s SEDAR profile at www.sedar.com.

In 2014, no stock options to acquire Common Shares were granted to executives or employees. No options previously granted were otherwise amended, replaced or modified in 2014.

The total number of Common Shares reserved under the Option Plan was 5,000,000 or 8.9% of the Corporation’s issued and outstanding Common Shares. The following table summarizes stock options granted over the last two years:

	2014	2013
Number of Stock Options Granted	Nil	210,000
Number of Employees and Directors who were Granted Stock Options	Nil	9 ⁽¹⁾
Number of Stock Options Outstanding as at Year End	500,000	768,332
Number of Stock Options Granted in the Year as a Percentage of Outstanding Common Shares as at Year End	Nil	0.4%
Number of Stock Options Outstanding as a Percentage of Outstanding Common Shares as at Year End	0.9%	1.4%
Average Weighted Exercise Price of Stock Options Outstanding	\$11.47	\$11.27
Number of Stock Options Exercised	268,332	368,335

Note:

- (1) Directors of the Corporation, with the exception of John M. Beck and Terrance L. McKibbin, were granted an aggregate of 210,000 options in 2013.

Pension Plan Benefits

Defined Benefit Pension Plan

The Corporation established a pension plan in 2001 for John M. Beck, Executive Chairman, to reflect then current executive compensation trends, as a reward for (at the time) over 40 years of service with the Corporation and its predecessors, and as an incentive for future long-term involvement with the Corporation. Entitlements under the plan are based on length of service from the date the plan was established and Mr. Beck’s final average salary at the time he retires. Based on the foregoing, Mr. Beck’s maximum pension entitlement at time of retirement, assuming a retirement age of 73, would be an amount equal to approximately 54% of his final average salary (excluding bonus). See “*Compensation Review – Pension Plan Benefits – Defined Benefit Pension Plan*” in this Section Three for details regarding awards to NEOs under the defined benefit pension plan.

Defined Contribution Pension Plan

The Corporation provides a defined contribution pension plan (“DCPP”) to substantially all non-union employees, including certain executives and NEOs. The Corporation matches employee contributions based on a percentage of salaries. Under the plan, once participants have reached 6 months of continuous service, the Corporation matches each participant’s contributions up to 5% of salary. These contributions are made up to the annual maximum as determined under the *Income Tax Act* (Canada) and vest immediately upon joining the plan.

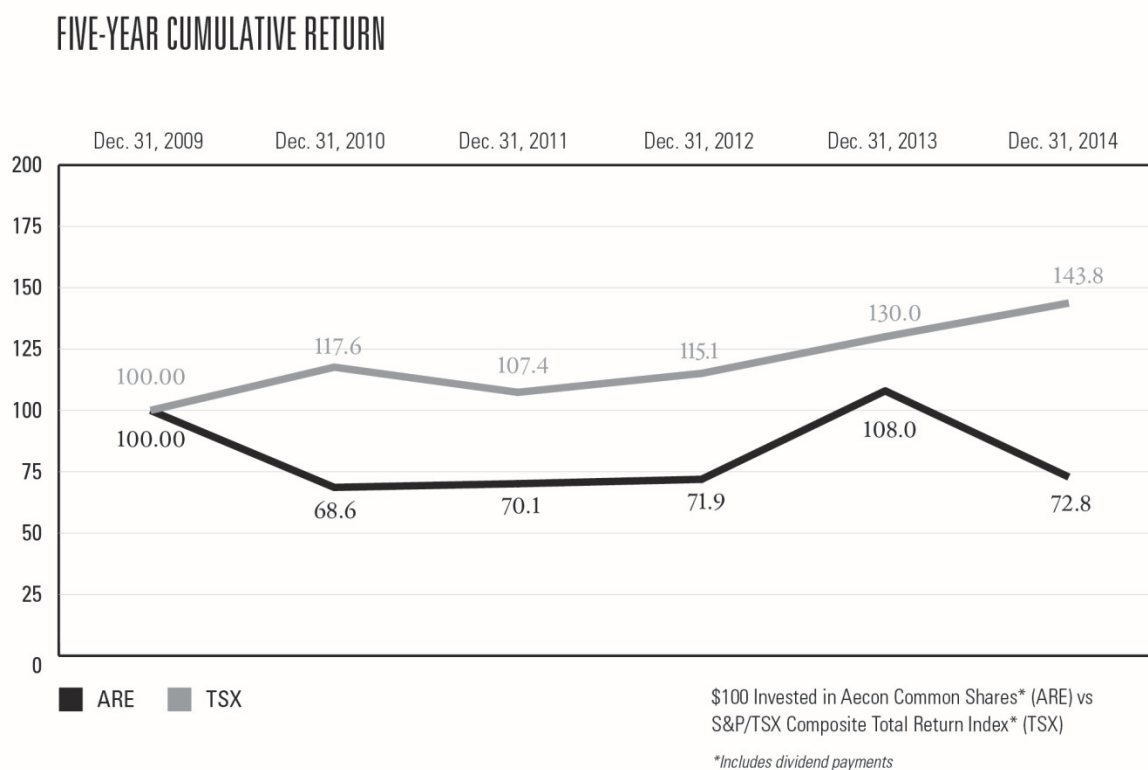

Funds are accumulated and invested in a personalized choice of investments under the participant’s name. On retirement, the funds are used to purchase one of several types of financial instruments at the option of the participant. See “*Compensation Review – Pension Plan Benefits – Defined Contribution Pension Plan*” in this Section Three for details regarding awards to NEOs under the defined contribution pension plan.

The Corporation also provides certain executives and NEOs with a defined contribution supplemental executive retirement plan (“SERP”). Under the plan, once participants have reached the annual maximum pension contributions as determined under the *Income Tax Act* (Canada), contributions at the same rate as contributed to the DCPP are directed to each participant’s SERP.

COMPENSATION REVIEW

Performance Graph

The following graph compares the cumulative shareholder return for \$100.00 invested in Common Shares against the cumulative return for \$100.00 on the S&P/TSX Composite Total Return Index for the same five-year period, on the first day of the five-year period beginning on December 31, 2009 and ending December 31, 2014.

	Dec. 31, 2009	Dec. 31, 2010	Dec. 31, 2011	Dec. 31, 2012	Dec. 31, 2013	Dec. 31, 2014
Aecon ⁽¹⁾	\$100.00	\$68.62	\$70.13	\$71.91	\$107.96	\$72.83
S&P/TSX Composite Total Return Index ⁽¹⁾	\$100.00	\$117.61	\$107.36	\$115.08	\$130.03	\$143.75

Note:

- (1) Includes share price plus dividends, if any. The closing price of the Common Shares on the TSX on December 31, 2014 was \$10.71. All share prices for the above table were obtained from the records of the TSX.

As noted in the graph above, in the period December 31, 2009 to December 31, 2014 the Corporation's total shareholder return ("TSR") decreased by approximately 27.2% while the S&P/TSX composite index increased by approximately 43.8% during the same period. It should be noted that the construction industry continued to feel the impacts of the 2008 global financial crisis in 2010, particularly in the energy and mining sectors. Since December 31, 2010, the share price of the Corporation has risen 31.6% from \$10.23 to \$13.46 as at the record date of May 1, 2015 and the Corporation's dividend has increased by 100% in the same period.

As noted in "Compensation Discussion and Analysis" in this Section Three, Aecon's executive compensation is directly linked to the performance and financial results of both individual officers and the Corporation. Compensation for NEOs is not directly linked to changes in the Corporation's TSR or share price. Nevertheless, several general observations can be made. Between December 31, 2009 and December 31, 2014, the base salaries of NEOs have increased, on average, approximately 21.4% and LTIP awards granted to NEOs have increased, on average, approximately 27.4% while the Corporation's TSR decreased 27.2%. As disclosed in the Summary Compensation Table below, the discretionary components of the NEOs' total compensation (excluding Ms. Palma, who was appointed to a new role and became an NEO in 2014) decreased in 2014 in comparison to the prior year, reflecting the Corporation's prudent approach to executive compensation. In fiscal 2014, share based awards for such NEOs decreased by 15% and annual incentive plan STIP awards decreased by 31% as compared to fiscal 2013, aligning with a 33% decrease in the value of the Corporation's Common Shares over the same period. Individual awards under the New Management LTIP are awarded on the basis described in this Section Three under "Long-Term Incentive Plan" and detailed herein. The value of a New Management LTIP award after grant will fluctuate based on the Corporation's share price, thereby aligning the interests of NEOs with those of Shareholders.

Summary Compensation Table

The following table sets forth the details regarding compensation earned by each NEO for the three most recently completed financial years ended December 31, 2014, 2013 and 2012.

- (2) Option-based awards represent the grant date fair value for option-based awards. Both the grant date fair value and accounting fair value for option-based awards are calculated using the Black-Scholes model using the assumptions described in the table under “Share Option Values and Assumptions”, below. The grant date fair value of option-based awards as presented will differ from the compensation expense included for these grants in the Corporation’s financial statements. In accordance with International Financial Reporting Standards, the fair value of each award at the grant date is amortized over the relevant vesting period to arrive at compensation expense in the financial statements.

SECTION SEVEN – CORPORATE GOVERNANCE MATTERS

Aecon embraces high standards of corporate governance which reflect its commitment to understanding legal and regulatory requirements and current best practices. Key accomplishments in the area of corporate governance achieved by Aecon over the last year include:

- approving a Director DSU Plan to replace the practice of granting stock options to directors;
- approving the New Management LTIP, which replaces the practice of granting options to executives with the practice of granting DSUs and RSUs. Unlike the previous long term incentive plan, the New Management LTIP allows for settlement of DSUs and RSUs from treasury;
- approving revisions to the Corporation's Code of Conduct (as defined below) to emphasize the Corporation's stringent anti-corruption and anti-bribery policies and procedures;
- overseeing the implementation of the CEO succession plan;
- introducing a Director Term Limit Policy (as defined below) to ensure ongoing Board renewal, sustain Board performance, and add expertise;
- introducing a written Board Diversity Policy (as defined below) to ensure that diversity is valued as an important underpinning of the business, and to lead by example, the Board strongly supports diversity through its own recruitment and selection process; and
- approving and overseeing the implementation of the written Corporate Diversity Policy to guide and support the Corporation's efforts to have an open and inclusive workplace.

The Board is committed to fostering a healthy governance culture at the Corporation. The Corporation believes that such culture requires that directors be aware of both internal corporate and external developments that may affect the business and affairs of the Corporation and that an atmosphere of open communication, trust, candour, healthy debate and constructive dissent be part of the corporate decision making and directorial oversight process. Although mindful of evolving views with respect to governance issues, the Board believes that formulaic or structural approaches to corporate governance issues may not in and of themselves be adequate or ensure best in class governance standards. The Board examines each issue on a case-by-case basis and, in consultation with senior management and the Corporation's advisors, adopts the standard or approach it believes best protects and promotes the interests of all Aecon stakeholders. As members of an experienced Board, the directors are cognizant that they have statutory and fiduciary obligations to act honestly and in good faith with a view to the best interests of the Corporation. They also have a duty of care in making decisions, including a duty to be properly informed so they can perform the tasks their positions entail. The Board demands that these standards be met by its members at all times. The Board believes that its principled approach to corporate governance meets these standards.

The Corporation's corporate governance practices are designed to ensure that the business and affairs of the Corporation are effectively managed so as to promote and enhance Shareholder value. The Board has historically been actively involved in many aspects of the Corporation's business, a trend that continued throughout 2014. Management has been able to draw assistance from individual Board members, as well as seek advice from the Board as a whole or from the independent directors collectively or individually, when appropriate.

Over the past several years, both management and the Board have closely monitored and, where appropriate, responded to Canadian regulatory developments aimed at improving corporate governance, increasing corporate and individual accountability as well as maximizing the transparency of public company disclosure.

Under the CSA Guidelines, the Corporation must disclose on an annual basis and in prescribed form, the corporate governance practices that it has adopted. The Corporation's annual disclosure of its corporate

governance practices in accordance with Form 58-101F1 – *Corporate Governance Disclosure* under NI 58-101 is attached to this Circular as Appendix 1.

The Corporation is also subject to the requirements of Canadian provincial securities legislation, including those relating to the certification of financial and other information by the Corporation’s chief executive officer and chief financial officer; oversight of the Corporation’s external independent auditors; enhanced independence criteria for Audit Committee members; the pre-approval of permissible non-audit services to be performed by the Corporation’s external independent auditors; and the establishment of procedures for the anonymous submission of employee complaints regarding the Corporation’s accounting practices (the “**Whistle Blower Policy**”).

In its consideration of evolving best practices in corporate governance matters, over the past several years, among other matters discussed below and in Appendix 1, the Corporation has:

- adopted, reviewed and/or updated a broad range of corporate policies including a code of conduct regarding specified employee behaviour (the “**Code of Conduct**”);
- placed a significant emphasis on training employees (both new and existing) about their obligations under key corporate policies and safety related issues;
- adopted a complaint and submission procedure to the Audit Committee for employee complaints regarding the Corporation’s accounting practices;
- established policies and procedures for Audit Committee pre-approval of services provided by the Corporation’s external independent auditor;
- established a formal disclosure committee (the “**Disclosure Committee**”) that meets at least quarterly (see “Shareholder Feedback and Communication” below for additional information);
- created an internal audit department (see “Shareholder Feedback and Communication” below for additional information);
- adopted a mandate for the Board;
- expanded the mandate of the former HRC Committee and reconstituted such committee as the CGNC Committee with the adoption of a Corporate Governance, Nominating and Compensation Committee Charter;
- adopted formal mandates for the Chair of each Board committee;
- commencing with the Corporation’s annual shareholder meeting held in 2009, elected new directors on an individual basis rather than pursuant to “slate” voting as was done in prior years;
- created the position of Lead Director;
- consulted outside counsel on best practices with respect to corporate governance standards;
- adopted a Majority Voting Policy; and
- engaged Meridian to provide independent advice to the CGNC Committee in connection with matters pertaining to executive and director compensation.

ENTERPRISE RISK MANAGEMENT

Management has developed a disciplined and integrated enterprise risk management (“**ERM**”) process which identifies potential events that may affect the Corporation, manages risk to be within the Corporation’s risk appetite and provides reasonable assurance regarding the achievement of the Corporation’s objectives.

In support of ERM, the Corporation has put in place formal policies which address project selection, contract terms, cost controls, project controls, selection of joint venture partners and negotiation of joint venture agreements, impact and delay claims, third party liability and regulatory matters.

Management believes that everyone in the Corporation has a degree of responsibility for enterprise risk management. The Project Risk Committee, chaired by the Executive Vice President, Legal and Commercial Services, meets weekly to vet significant projects prior to bid pre-qualifications and bid submissions. The Risk Evaluation Committee provides additional focus on cost and schedule risk associated with major projects or projects with higher risk profiles. The Executive Committee meets monthly to discuss key strategic issues, financial performance, operation issues and safety matters and to review the progress of major projects. The Executive Committee also conducts quarterly financial review meetings with operating leaders to monitor the financial results and leading indicators across the Corporation. The EOT meets quarterly to review financial performance and major projects and key opportunities. The Disclosure Committee meets at a minimum quarterly to review continuous disclosure obligations and documents. In addition to the formal processes described above, divisional and risk teams provide ongoing support for major projects and all personnel are expected to execute enterprise risk management in accordance with established directives and protocols.

CODE OF CONDUCT AND WHISTLE BLOWER POLICY

The Corporation first adopted a Code of Conduct in 2002 to guide behaviour related to company business and to ensure that Aecon maintains the standard of a highly ethical and professional public corporation. The Code of Conduct supports Aecon’s corporate values, specifically to “preserve the highest standards of honesty, integrity and business ethics; promote equality of opportunity and cultural diversity within the Corporation; ensure safety in all our activities; foster protection of the environment; and maintain an open, empowering and rewarding workplace” and set out fundamental principles that guide the Board in its deliberations and shape the Corporation’s business activities. The Code of Conduct was most recently updated in August 2014. As of 2014, each director, officer and employee of the Corporation is required to complete, on an annual basis, a Code of Conduct online training module within the sphere of Aecon University, the Corporation’s learning vehicle for delivering professional development and training opportunities. Moreover, new employees must review the Code of Conduct and acknowledge adherence to it when they join the Corporation and at least twice per year thereafter. The Code of Conduct is available for review under the Corporation’s SEDAR profile at www.sedar.com.

In May 2005, the Corporation approved a Whistle Blower Policy to support the Corporation’s continued commitment to honesty and integrity in the conduct of its business. The Whistle Blower Policy has been updated several times since its initial adoption with a view to continuing to meet best practices. The Whistle Blower Policy was most recently updated in the second quarter of 2011 with the assistance of external counsel and is available for review under the Corporation’s SEDAR profile at www.sedar.com. Among other features, the Whistle Blower Policy provides a mechanism for anonymous complaints to be made to the Chair of the Audit Committee or the Executive Vice President, Legal and Commercial Services. For additional information, see “Culture of Integrity” set out in the Board Mandate attached to the Corporation’s management information circular dated May 19, 2011 prepared in respect of Aecon’s annual meeting of Shareholders held on June 14, 2011 (the “**2011 Circular**”), which is incorporated by reference herein and available under the Corporation’s SEDAR profile at www.sedar.com. To reinforce the importance of ethical behaviour and enhance internal controls, in April 2009 the Corporation introduced a “Reporting Internal Suspicions of Fraud Policy”.

Management, under the direction of the Board, has undertaken a number of initiatives to promote ethical behaviour by its employees including email updates regarding key policies, new employee seminars on key corporate policies (including the Code of Conduct and Whistle Blower Policy), anti-corruption and anti-bribery measures, including a quarterly certification requirement for all projects outside of Canada and a certification requirement for all foreign projects at the pursuit and bid stage, and holding an annual company-wide Safety Day. First introduced in October 2005 to reinforce to all employees, clients and stakeholders the importance of safety as a core value of the Corporation, Safety Day is a company-wide event in which all employees of the Corporation watch a “tool box” video talk by the President and Chief Executive Officer on safety issues and are reminded of the importance of safety in their day to day activities.

The Disclosure Committee meets at least quarterly and more often if required to discuss disclosure issues. The quarterly meeting typically involves a page by page review of the applicable management’s discussion and analysis and financial statements and is attended by members of both the Disclosure Committee and senior members of the Corporation’s finance department who are responsible for the preparation of the documents. The Disclosure Committee also reviews the Corporation’s annual information form and management information circular. The Corporation’s Assistant Corporate Secretary keeps a written record of all Disclosure Committee meetings, noting what issues were discussed and decided, and what actions, if any, were recommended. The public disclosure documents filed under the Corporation’s SEDAR profile reflect the consensus of such meetings. See “Shareholder Feedback and Communication” below for additional information.

SAY-ON-PAY VOTE

As they did last year, Shareholders will cast an advisory vote on the Corporation’s approach to executive compensation. The CGNC Committee and the Board will review the results of this advisory vote and will consider the outcome when considering future executive compensation arrangements. If a significant number of Shareholders vote against the advisory resolution, the CGNC Committee will review the approach to executive compensation in the context of the specific concerns of the shareholders and may make recommendations to the Board. Following the review by the CGNC Committee, the Corporation will disclose a summary of the process undertaken by the CGNC Committee and an explanation of any changes, or why no changes are being implemented in relation to the Corporation’s executive compensation. The Corporation will provide this disclosure as soon as is practicable, and in any event no later than in the next management information circular for its next annual meeting.

Management is pleased that in 2014, 92.3% of the votes cast voted in favour of the Corporation’s 2013 executive compensation program. The CGNC Committee reviewed the results of the Say-on-Pay vote and concluded that no significant changes to the Corporation’s approach on executive compensation are required at this time. The CGNC Committee will continue to review the Corporation’s executive compensation program to ensure its effectiveness and further align the interests of the Corporation’s executives with its Shareholders.

The CGNC Committee and the Board will also continue to review and consider all Shareholder feedback related to compensation matters and will continue existing practices regarding Shareholder discussion and engagement. Shareholders are invited to contact the Corporation by using the contact information set out in “Shareholder Feedback and Communications” in this Circular. Please refer to pages 19-20 of this Circular for additional information on the Say-on-Pay Vote.

FINANCIAL ASSURANCE AND COMPLIANCE DEPARTMENT

The Corporation’s Financial Assurance and Compliance (“**FA&C**”) department was established to provide an independent and objective assurance, consulting and advisory function that is designed to add value, improve the Corporation’s operations, and assist management in the effective discharge of its responsibilities. Currently, the main focus of the FA&C department is to manage compliance with Bill 198, assist senior management in the testing of internal controls over financial reporting (“**ICFR**”) and provide added assurance and comfort to the CEO and CFO of the Corporation as part of their certification on the design and operating effectiveness of ICFR. In addition to this assurance function in support of the regulatory certification process, the FA&C department also assists management of the Corporation in examining, evaluating, reporting and recommending improvements to strengthen the effectiveness of internal controls, risk management and governance processes. Other

responsibilities include reviewing the Corporation’s compliance with policies, procedures, laws and regulations, and performing advisory services as requested.

CORPORATE DIVERSITY POLICY AND INITIATIVES

Diversity is an integral part of the Corporation’s culture and its operations. Consequently, the Corporation seeks to recruit and invest in the best available talent and, although the Corporation does not endorse quotas or targets, it is committed to increasing the representation of women throughout its workforce.

Corporate Diversity Policy

The Corporation recognizes that important strides must still be made and is working diligently to put programs in place to improve its representation and retention of women. In 2015, the Corporation adopted a written corporate diversity policy (the “**Corporate Diversity Policy**”) which sets out the Corporation’s ambitions and objectives for shaping its workforce and management.

The Corporate Diversity Policy identifies three overarching goals which are necessary for the integration of diversity and inclusion into the Corporation’s culture.

These goals will be met by focusing on six priority areas:

1. dialogue and feedback;
2. talent acquisition;
3. engagement and retention;
4. talent development and promotions;
5. commitment and understanding; and
6. performance and accountability.

The Corporation will conduct an annual review of its workforce diversity in each job classification and within each operating segment and, as appropriate, take steps to ensure that the diversity and inclusion objectives set out in the Corporate Diversity Policy are met.

Women at Aecon

The presence of women within the Corporation’s senior leadership is an important business goal. Women currently comprise 20% of the Corporation’s and its major subsidiaries’ executive officers (as such term is defined in the CSA Guidelines).

One of the goals of the Corporate Diversity Policy is to ensure that there will be highly qualified women within the Corporation available to fill vacancies in executive officer and other leadership positions. In appointing individuals to executive officer positions, the Corporation considers a number of factors, including the skills and experience required for the position and the personal attributes of the candidates. The level of representation of women in senior leadership roles is also considered as one such factor.

The Board recognizes the value of the contribution of members with diverse attributes in executive officer positions and is committed to ensuring that there is significant representation of women in executive officer positions. The Board has not, however, established a target regarding the number of women in executive officer positions, as the Board has determined that a target would not be the most effective way of achieving the objectives of the Corporate Diversity Policy, including ensuring that the Corporation is comprised of individuals with diverse attributes and background.

The Corporation has been pursuing initiatives aimed at promoting the hiring and retention of women. For example, the Women of Aecon Group (“**WAG**”) was formed in June 2014 to inspire the Corporation’s women to reach their full career potential through transfer of knowledge, networking and shared experiences. The group is sponsored by the Executive Vice President and Chief People and Information Officer and led by a Chair, Vice Chair,

Advisor and Council Members. Since its inception, WAG has held regular networking sessions featuring internal and external speakers and currently offers a structured professional development curriculum.

BOARD OVERSIGHT OF CORPORATE GOVERNANCE

The Board takes an active role in promoting an ethical culture and monitoring compliance with Aecon policies. The Board and senior management believe that in the construction industry ethical behaviour starts with “safe behaviour” as evidenced by a commitment to high safety standards by every employee on every job site. As such, the Board has provided strong support for initiatives such as Safety Day. To further monitor this key control, the Board created the Environmental, Health and Safety Committee (the “**EHS Committee**”) in the fourth quarter of 2010. See “Board Committees” in this Section Seven for additional information.

The Board also monitors compliance with the Corporation’s policies through Financial Assurance and Compliance Interim Reports prepared by the internal audit team and provided to the Audit Committee on a quarterly basis. In addition, as part of compliance with National Instrument 52-109 – *Certification of Disclosure in Issuers’ Annual and Interim Filings*, the Corporation has developed a system of sub-certification pursuant to which key financial and business unit leaders are asked to verify compliance with a range of key metrics including compliance with the Code of Conduct. The Chief Financial Officer provides a report to the Board in respect of such matters on a quarterly basis.

MANDATE OF THE BOARD

The mandate of the Board is to supervise the management of the business and affairs of the Corporation by its executive officers and includes, without limitation, the following duties and responsibilities:

- (i) ensuring a culture of integrity at the Corporation;
- (ii) approving and monitoring the Corporation’s overall strategy;
- (iii) reviewing and approving strategic investments, acquisition opportunities, divestitures and alliances;
- (iv) assessing and managing the principal risks inherent to the business of the Corporation;
- (v) overseeing and reviewing the Corporation’s communication and public disclosure policies and practices;
- (vi) approving the Corporation’s internal controls and reviewing and assessing their integrity and effectiveness;
- (vii) overseeing the Corporation’s financial reporting policies and procedures;
- (viii) reviewing and monitoring the corporate governance policies and practices of the Corporation;
- (ix) overseeing the performance of the Chief Executive Officer and senior management and establishing their annual performance expectations, corporate goals and objectives (including setting appropriate compensation and benefits) and monitoring progress against expectations; and
- (x) overseeing the creation and implementation of appropriate succession plans for senior management.

A copy of the Board Mandate is attached to the 2011 Circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com.

COMPOSITION OF THE BOARD

The Board is currently comprised of nine members. The directors of the Corporation include community and business leaders active at the local, national and international level who provide a depth and range of experience. Please see the biographies of individual directors under “Election of Directors” in Section Two of this Circular. Assuming that each of the Board nominees identified in this Circular is elected at the Meeting, the Board has determined that six out of eight or 75% of the directors will be considered “independent” under the CSA Guidelines and National Instrument 52-110 – *Audit Committees (“NI 52-110”)*. To assist the Board with its determination as to independence of its members, all directors complete a detailed annual questionnaire regarding their relationships with the Corporation. The Board believes that a sufficient number of directors are independent of the Corporation, as no material corporate decision requiring director approval can be passed without the approval of the independent directors. Notwithstanding that Mr. Beck and Mr. McKibbin are not “independent” within the meaning of the CSA Guidelines, the Board believes that their status will not preclude them from exercising independent judgment with a view to the best interests of the Corporation. See “Board Committees” below for additional details.

Position Descriptions

The Board is led by the Chairman and is comprised of experienced directors (see “Election of Directors” in Section Two of this Circular for additional details), whose authority is exercised in accordance with the Corporation’s Articles of Incorporation, By-Laws and Corporate Governance Handbook, the CBCA as well as other applicable laws, regulations and rules, including those adopted by the CSA and those of the TSX. The Board has appointed a Lead Director who is independent within the meaning of the CSA Guidelines.

Chief Executive Officer

The Chief Executive Officer of Aecon has full responsibility for the day-to-day activities of the Corporation’s business in accordance with its strategic plan as approved by the Board. The Chief Executive Officer is accountable to the Board for the overall management of Aecon and for conformity with policies agreed upon by the Board. The approval of the Board (or appropriate committee) is required for all significant decisions outside of the ordinary course of Aecon’s business. The position description for the Chief Executive Officer is attached to the 2011 Circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com.

On an annual basis, the Chief Executive Officer of the Corporation circulates to the Board a proposed strategic plan and budget which are discussed and, if appropriate, adopted by the Board. These form the basis of the corporate objectives which must be met by the Chief Executive Officer. The CGNC Committee reviews the performance of the Corporation and the Chief Executive Officer which review is used by the CGNC Committee in its deliberations concerning the Chief Executive Officer’s annual compensation. See “Statement of Executive Compensation” in Section Three of this circular.

Lead Director

The Board has created the position of Lead Director. The role of Lead Director is to facilitate the functioning of the Board, to help ensure that appropriate processes are followed, to assist in fostering and seeking input of independent directors, and to ensure independent director participation in all Board decisions.

The Lead Director ensures that the Board’s relationship with management functions effectively and furthers the best interests of the Corporation, including working with the committees appointed by the Board to ensure they have the proper structure and appropriate assignments. The Lead Director also regularly communicates with the Executive Chairman so that he is aware of any concerns of the independent directors and any concerns communicated by Shareholders and other stakeholders. The role and responsibilities of the Lead Director are in addition to and distinct from the role of the chair of each of the committees of the Board. The mandate of the Lead Director is attached to the 2011 Circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com.

Committee Chair

Each of the Audit Committee, the CGNC Committee, and the EHS Committee is chaired by an independent director (each a “**Committee Chair**”). The Committee Chairs are responsible for the management and the effective performance of their respective committees. The mandate of each Committee Chair also includes taking all reasonable measures to ensure that the respective committee fully executes its mandate, including taking all reasonable steps to ensure that such committee works as a cohesive team and arranging for the availability of adequate resources and access to information and management to support the committee’s work.

Board Committees

The Board has established three standing committees of directors: the CGNC Committee, the Audit Committee and the EHS Committee. Each committee regularly meets without management present. All members of each of the Audit Committee, the CGNC Committee and the EHS Committee, including the respective Chairs, are “independent” within the meaning of the CSA Guidelines and NI 52-110.

In addition, as part of its ongoing efforts to maintain high standards of corporate governance, in 2007 the Board approved and adopted written mandates for the Chairman of the Board and for each Committee Chair, each of which are attached to the 2011 Circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com. From time to time, special committees of the Board may be and have been appointed to consider special issues and in particular, any issues that may involve related party transactions. Individual directors may retain outside advisors at the Corporation’s expense in appropriate circumstances and with the approval of the Audit Committee. No material corporate decision or decision involving a potential conflict of interest can be approved by the Board without the approval of the independent directors.

Corporate Governance, Nominating and Compensation Committee

On May 4, 2010, the Board established the CGNC Committee which replaced the previously constituted HRC Committee. Previously, the Corporation did not have a formal governance or nominating committee, although the HRC Committee routinely performed functions that would be customary for such committees. Given the high level of importance the Board places on the Corporation’s governance and nominating functions, the Board felt it was an appropriate time to formalize these roles within the reconstituted CGNC Committee. In addition to assuming the HRC Committee’s mandate with respect to the Corporation’s overall corporate policy relating to compensation and benefits, the CGNC Committee’s mandate was expanded to include such matters as developing an effective corporate governance system for the Corporation, reviewing and assessing the Corporation’s corporate governance practices and public disclosure on an ongoing basis, reviewing the Corporation’s compensation policies and programs to ensure that they motivate an appropriate level of risk-taking and mitigate excessive risk-taking, identifying and recommending candidates for election to the Board and all committees of the Board, organizing and overseeing the Corporation’s director education program and establishing and reviewing succession planning for the Chief Executive Officer and other senior executives.

As of the date of this Circular, the CGNC Committee is comprised of Michael A. Butt (Chair), Joseph A. Carrabba, Monica Sloan and The Hon. Brian V. Tobin, P.C., O.C., all of whom are considered independent within the meaning of the CSA Guidelines. The Chief Executive Officer of the Corporation does not participate in the selection of members of the CGNC Committee.

Current members of the CGNC Committee are all senior business leaders and executives with several years of compensation and human resources experience. Accordingly, the Board believes that the members of the CGNC Committee, collectively, have the knowledge, experience and background to fulfill its mandate.

The CGNC Committee met 7 times in fiscal 2014. The CGNC Committee meets without the presence of directors who are not independent of the Corporation and without the presence of management.

The CGNC Charter is attached to this Circular as Appendix 2.

Audit Committee

As of the date of this Circular, the Audit Committee is composed of Anthony P. Franceschini (Chair), Michael A. Butt, Austin C. Beutel, and J.D. Hole, all of whom are considered to be “independent” and “financially literate” within the meaning of NI 52-110. As such, 100% of the Audit Committee members are considered independent. The Corporation believes the oversight function of the Audit Committee provides a key stewardship role in the Corporation’s financial disclosure issues, internal controls, financial and operational risk management, corporate finance and related matters.

In reviewing the audited financial statements of the Corporation, the Audit Committee discusses the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosure in the financial statements. In addition, the Audit Committee discusses with the Corporation’s independent external auditors the overall scope and plans for their audit. The Audit Committee meets with the auditors, with and without management present, to discuss the results of their examination and the overall quality of the Corporation’s financial reporting. At least once per quarter, the members of the Audit Committee and other independent members of the Board meet with the auditors to discuss relevant issues. Neither the Board members who are part of management nor the Corporate Secretary participate in these meetings. The Audit Committee also carefully reviews evolving audit committee regulations and best practices to ensure corporate alignment with the spirit and intent of such regulations and practices. The Audit Committee also meets annually with the CGNC Committee to consider the Corporation’s key business risks and how the Corporation’s compensation policies and programs mitigate or promote excessive risk taking. The Audit Committee is responsible for overseeing the administration, financial reporting and investment activities of the Corporation’s pension plans and receives and considers an annual, or more frequently as required, Treasury Report on the status of the Corporation’s pension plans.

The Audit Committee met 4 times in fiscal 2014. The Audit Committee meets once per quarter before regularly scheduled Board meetings. The Audit Committee sets aside a portion of these meetings to meet without the presence of directors who are not independent of the Corporation and without the presence of management.

Environmental, Health and Safety Committee

As of the date of this Circular, the EHS Committee is comprised of J.D. Hole (Chair), Joseph A. Carrabba and Anthony P. Franceschini. The Corporation believes the mandate of the EHS Committee provides an important leadership role in supporting the Corporation’s core value of “safety first”. The overall purpose of the EHS Committee is to support continuous improvement of healthy and safe workplaces, founded on the principles that the effective management of health, safety, wellness and concern for the environment (collectively “EHS”) are essential to the success of the Corporation.

The EHS Committee is responsible for reviewing and approving the Corporation’s annual EHS Strategic Plan and on a quarterly basis reviewing and assessing the Corporation’s EHS performance. The EHS Committee is also tasked with reviewing corporate governance principles relating to a sound EHS system comprised of strategies, programming and performance of the Corporation from time to time to ensure compliance with changing regulatory requirements and best practices. In addition, the EHS Committee plays a key role in providing continuing education of EHS issues, best practices, legal and regulatory requirements and trends to the Board.

The EHS Committee met 4 times in fiscal 2014. The EHS meets once per quarter before regularly scheduled Board meetings. The EHS Committee Charter is attached to the 2011 Circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com.

MEETINGS OF INDEPENDENT DIRECTORS AND IN-CAMERA MEETINGS

The independent directors met on a quarterly basis during the 2014 financial year and an in-camera session was held at every Board meeting. All members of the Audit Committee, CGNC Committee and EHS Committee are independent. An in-camera session is held at every Board committee meeting.

INDEPENDENCE OF CHAIR AND LEAD DIRECTOR

The Board Chair, John M. Beck, is not considered independent of the Corporation within the meaning of the CSA Guidelines and NI 52-110. The Lead Director and Vice Chairman, the Hon. Brian V. Tobin, P.C., O.C., is considered independent of the Corporation within the meaning of the CSA Guidelines. For a description of the mandate of the Board Chair and a description of the position of the Lead Director, please see Aecon's 2011 Circular under the Corporation's SEDAR profile at www.sedar.com. In the event of a vote of the Board that is tied, neither the Board Chair nor the Lead Director is entitled to an additional or tie-breaking vote.

BOARD INTERLOCKS

The CGNC Committee has reviewed the membership of Aecon's proposed nominees to the Board on the boards of other reporting issuers. No two proposed nominees to the Board are members of the same board of directors of another reporting issuer. As such, no independence issues arise from Board interlocks.

TERM LIMITS

The Board believes that the advantages that accrue from experience and long service on the Board need to be balanced against the benefits of renewal. Accordingly, in March 2015 the Board adopted term limits for its independent directors (the "**Director Term Limit Policy**"). No candidate will be appointed as an independent director to the Board on or after January 1, 2016 if he or she has completed 15 years of continuous service on the Board or has reached 75 years of age. On a case-by-case basis, and on the recommendation of the CGNC Committee, the Board may, in exceptional circumstances and to further the best interests of the Corporation, extend a director's term.

BOARD DIVERSITY

The Board strongly supports the principle of boardroom diversity and therefore has acknowledged, with the adoption of a written Board diversity policy (the "**Board Diversity Policy**") in March 2015, the importance of diverse representation among its directors. In accordance with the Board Diversity Policy the CGNC Committee is committed to recommending director nominees who in addition to meeting the criteria determined by the Board and set out in this Circular have a broad range of approaches, backgrounds, skills and experience (see "Corporate Governance Matters – Nomination of Directors" below). The CGNC Committee maintains a separate, ever-growing list of potential women nominees to the Board, and in recent years has specifically considered potential female candidates as part of its candidate searches.

The objective of the Board Diversity Policy is for the Board to include individuals from diverse backgrounds, having regard to gender as well as other factors. The Board seeks to ensure that the Board Diversity Policy will be effectively implemented by requiring the CGNC Committee to adhere to the Board Diversity Policy when planning for and considering potential nominees to the Board. The Board will conduct periodic assessments to consider the level of representation of women on the Board, and will revise its policies and procedures as required depending on the results of these assessments.

In particular, the Board embraces the proposition that more women on boards would be advantageous to companies as well as to society at large. Accordingly, the Board considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, and continues its efforts to identify more female nominees who meet the various selection criteria. The Board has set an objective that by 2017 there will be 25% female representation among the independent directors of the Board. The CGNC Committee will oversee plans to achieve this, balancing all the factors needed to maximize the Board's effectiveness.

The Corporation's Board has taken positive steps towards broadening the diversity of the Board in recent years. The graphic below provides a visual outline of the Corporation's Board diversity in terms of gender based on the directors standing for election in 2015.

Board gender diversity

How is our board gender diversity improving?

* In accordance with the Board Diversity Policy, 25% or more of the independent directors of the Corporation will be women by 2017.

NOMINATION OF DIRECTORS

The CGNC Committee is responsible for identifying and recommending candidates for election to the Board and all committees of the Board. As part of its mandate with respect to nominating functions, the CGNC Committee is responsible for: (i) developing the criteria, profile and qualifications for new nominees to fill vacancies on the Board and recommending same for approval of the Board; (ii) identifying, interviewing and recruiting new nominees to fill vacancies on the Board as may be required; (iii) recommending for the approval of the Board the nominees to stand for election as directors at each annual meeting of Shareholders or otherwise to be appointed by the Board to fill any vacancy on the Board from time to time; (iv) reviewing and recommending to the Board for approval, the need, composition, membership and chairmanship of all committees of the Board, ensuring they are comprised of entirely independent members; and (v) establishing an orientation program for new Board members.

In considering a potential candidate, the CGNC Committee considers both the qualities and skills that the Board, considered in its entirety, currently possesses (see “Election of Directors – Board Skills Matrix” in Section Two of this Circular for additional details regarding the expertise of the Board) and that the Board should possess. Based on the skills and experiences already represented on the Board, the CGNC Committee will consider the experience, personal attributes and qualities that a candidate should possess in light of the anticipated growth and development of the Corporation. For example, in light of Aecon’s growth in Western Canada in recent years, four of the last five directors nominated to the Board were Alberta-based, adding valuable western Canadian perspective and experience to the Board. Moreover, the CGNC Committee recognizes the benefits of promoting diversity at the Board level. Diverse perspectives linked in common purpose contribute to innovation and growth for the Corporation. In considering candidates and selecting nominees for the Board, diversity, including gender diversity, is an important factor considered by the CGNC Committee. In assessing a candidate’s suitability, the CGNC Committee also takes into consideration the existing commitments of the individual to ensure that each member has sufficient time to discharge such member’s duties.

Notwithstanding that the CGNC Committee is charged with the responsibility of identifying potential new Board members, all members of the Board are eligible to put forth candidates for the CGNC Committee to consider. Additionally, the Board may, and has in the past, engaged recruiting firms to assist with identifying qualified candidates. Once candidates have been approved by the CGNC Committee and their interest level gauged, the entire Board discusses, both formally and informally, the suitability of a particular candidate.

The CGNC Committee maintains an evergreen list of potential candidates for the Board, including a separate evergreen list of potential female candidates for the Board with a view to increasing the Board's gender diversity.

ORIENTATION OF NEW DIRECTORS

The Board is responsible for the orientation and education of new recruits to the Board and all new directors are provided with a directors' orientation manual which includes the directors' and officers' insurance policies maintained by the Corporation, a copy of key corporate policies, the Corporation's most recent significant public disclosure documents and the current business plan. Prior to or shortly after joining the Board, each new director will meet with the Executive Chairman, the Vice Chairman and Lead Director, the President and Chief Executive Officer, and the Chief Financial Officer of the Corporation. Each individual is responsible for outlining the business and prospects of the Corporation, both positive and negative, with a view to ensuring that the new director is properly informed to commence his or her duties as a director. In addition, new directors are entitled to hold exclusive meetings with members of senior management in order to familiarize themselves with the various businesses and activities of Aecon. Each new director will also be given the opportunity to meet with the Corporation's independent external auditors and legal counsel to the Corporation as well as the chair of each committee of the Board.

CONTINUING EDUCATION

Members of the Board are regularly updated by management on the Corporation's activities and operations. Moreover, management arranges for Board members to make site visits to some of the Corporation's major projects to assist the Board in more fully understanding the scope and risks associated with those projects. There is a significant number of committee and Board meetings, both on a formal and informal basis. Historically, topics for presentation and discussion included, among others, financial and operational reviews; overviews of legal matters, regulatory matters and legislative developments impacting the Corporation, including, for example, implementation of procedures to address workplace harassment legislation, whistle blower requirements and development of a Code of Conduct policy; acquisition and divestiture opportunities; strategic planning; director duties; internal audit; health and safety matters; specific project updates; and the implications of implementing International Financial Reporting Standards with respect to the Corporation's accounting procedures. The Corporation also arranges for speakers to present at Board meetings and facilitates the education of Directors through financing annual membership in the Institute of Corporate Directors. The Corporation believes a director must be well informed and takes a proactive approach in this regard. Typically, Board materials include information relating to current regulatory, accounting and financial issues and the directors regularly discuss these issues at the Board and committee level. The Corporation's independent external auditors and legal counsel regularly update the Corporation on recently enacted or proposed regulatory developments. In addition, Board members meet with senior management of the Corporation on an ongoing basis to review the business and affairs of the Corporation. The Hon. Brian V. Tobin, P.C., O.C., Vice Chairman and Lead Director of the Corporation, addresses developments in corporate governance matters as appropriate. As necessary, outside presentations are arranged for Board members and outside materials are circulated. The Director Education Reimbursement Policy assists directors in enhancing their expertise by attending continuing education programs at Aecon's expense. Moreover, the Chair of the CGNC Committee, together with the Executive Chairman of the Board and CEO, arranges periodic education sessions throughout the year, including engaging relevant speakers.

The following table outlines examples of continuing education events held for, or attended by, the Corporation's directors in 2014:

STRATEGIC PLANNING

On an annual basis, the Board reviews and approves the Corporation's strategic plans. These plans include key initiatives, details of opportunities, risks, competitive position, financial projections and other key performance indicators for each of the principal business groups. The annual strategy session allows directors to gain a fuller appreciation of planning priorities and progress being made on strategic plans. Directors also give constructive feedback to management on the Corporation's strategic plans. The feedback from directors and management is a key input in planning for the next year's session. Directors also receive a strategic update on the progress of each of the principal business groups and major projects during the fiscal year.

DIRECTOR AND BOARD PERFORMANCE ASSESSMENT

In 2012, the Board instituted a formal annual assessment process with respect to the effectiveness of the Board and its committees, and the performance and contribution of individual directors, which includes a bi-annual peer review. In 2013, the Board introduced an annual formal feedback process consisting of one-on-one meetings between the Chair of the Board and each director. Assessment of the Board consists of a survey which is approved by the Chair of the CGNC Committee and the bi-annual assessment of directors consists of a peer evaluation which is based on a questionnaire approved by the Chair of the CGNC Committee. The evaluations ask questions about what was done well and what could be done better and cover Board and committee structure and composition, Board leadership, strategic planning, risk management, operational performance and Board processes and effectiveness. In addition, as part of the review process each committee bi-annually evaluates its effectiveness in carrying out the duties specified in its charter. The results of the Board evaluation are analyzed and reviewed by the Lead Director (except for the peer evaluation results in respect of the Lead Director, which are reviewed by the Chair of the CGNC Committee), who considers whether any changes to the Board's processes, composition or committee structure are appropriate. Additionally, senior management is advised of any suggestions made by directors for enhancement of processes to support the work of the Board.

SUCCESSION PLANNING

The Corporation's philosophy of promoting from within strengthens its values and culture and provides more options for succession. The Corporation complements this with selective external hiring to benefit from diverse experiences and fresh ideas. The Corporation holds senior leaders accountable for talent management and succession planning through a performance assessment process.

The CGNC Committee plays a key role in supporting the Board in its oversight of talent management and succession planning. Annually, the CGNC Committee reviews and discusses with management the composition of Aecon's leadership team. In December 2014, the CGNC Committee, at the Corporation's annual strategic and

business plan meetings, reviewed the succession planning process and key potential succession candidates at both the corporate and divisional levels. In June 2014, the Board appointed Mr. Terrance L. McKibbon, formerly President and Chief Operating Officer as the Corporation's President and Chief Executive Officer. Mr. John M. Beck became Executive Chairman and has continued to serve the Corporation on a full-time basis. This transition was a result of the Board's ongoing assessment of the Corporation's succession plan.

The Chief Executive Officer routinely discusses with the CGNC Committee the strengths and gaps of key succession candidates, development progress over the prior year and future development plans. There is also a systematic approach for the Board to meet and familiarize itself with potential succession candidates, including more junior executives.

SHAREHOLDER FEEDBACK AND COMMUNICATION

The Corporation views its Shareholders and other investors as owners and partners and it has procedures in place to provide effective communications with its Shareholders and investors. Senior management (being the Executive Chairman, the President and Chief Executive Officer, and the Chief Financial Officer) together with the Vice Chairman and Lead Director are all committed to being accessible. The Disclosure Committee currently consists of the: (i) President and Chief Executive Officer; (ii) Executive Vice President and Chief Financial Officer; (iii) Executive Vice President, Legal and Commercial Services; (iv) Assistant Corporate Secretary; and (v) ad hoc members, as required from time-to-time, including the Controller. The Disclosure Committee has implemented procedures to obtain and appropriately deal with feedback from its Shareholders.

The Corporation also communicates regularly with Shareholders through annual and quarterly reports. At the Corporation's annual meeting of Shareholders, a full opportunity is afforded for Shareholders and other interested persons to ask questions concerning the Corporation's business. The Corporation endeavours to provide each Shareholder and investor inquiry with a prompt response from an appropriate officer of the Corporation. Information about the Corporation, including annual reports, interim financial reports and recent news releases, is also available on the Corporation's website at www.aecon.com and under the Corporation's SEDAR profile at www.sedar.com. Correspondence to the Corporation or any of its directors and officers can be sent to the following address: 20 Carlson Court, Suite 800, Toronto, Ontario, Canada, M9W 7K6 or by fax to +1-416-940-2290. Shareholders who wish to ask questions or have comments about the Corporation's executive compensation should contact the Chair of the CGNC Committee at the address above.

BOARD EXPECTATIONS OF MANAGEMENT

Management is responsible for the day-to-day operations of the Corporation and is expected to implement Board approved strategic business plans and initiatives within the context of authorized budgets and corporate policies and procedures. The information which management provides to the Board is critical. - (b) provide notice in writing to the Participant (or the Participant's legal representative, as the case may be), that the Corporation is exercising its right to defer all or a portion of the payment referred to in paragraph 9(a) and advising the Participant (or the Participant's legal representative, as the case may be) of the date such payment is to actually be made;
- (c) issue to the Participant (or to the Participant's legal representative, as the case may be) one Common Share for each Deferred Share Unit being settled in newly issued Common Shares as of the Termination Date; or
- (d) purchase on behalf of the Participant (or the Participant's legal representative, as the case may be) on the Toronto Stock Exchange through an independent intermediary one Common Share for each Deferred Share Unit being settled in Common Shares bought on the open market pursuant to trade instructions sent by the Corporation as of the Termination Date.

In the event that the Corporation elects to defer payment of all or a portion of the cash payment due to a Participant (or the Participant's legal representative, as the case may be) as contemplated by paragraph 9(b), the Corporation shall in all circumstances ensure that payment in cash of the total amount then due to the Participant (or the Participant's legal representative, as the case may be), net of any Applicable Withholding Taxes, shall be made no later than the end of the first calendar year commencing after the Termination Date.

In the event of the death of a Participant, provided that a Notice of Redemption is not filed with the Corporation as described in this paragraph 9, the Corporation shall, within one calendar year of the Participant's death, make a lump sum cash payment in each case to or for the benefit of the legal representative or beneficiary of the Participant, unless the Corporation defers such payment and provides the notice contemplated in paragraph 9(b) to the Participant's legal representative or beneficiary. In any event, the payment date will be no later than the end of the first calendar year commencing after the Participant's death. The lump sum cash payment shall be equal to the number of Deferred Share Units credited to the Participant's account on the date of death multiplied by the Share Price as of the Termination Date, net of any Applicable Withholding Taxes. If permitted by applicable law, the Participant may appoint a beneficiary of his or her rights under the Plan. For this purpose, the beneficiary must be a dependant, relation, or the estate of the Participant.

10. **Extended Entitlement Date.** In the event that a Participant's Entitlement Date would otherwise fall between the record date for a dividend on the Common Shares and the related dividend payment date then, notwithstanding paragraph 9, the Entitlement Date will be the day immediately following the date of payment of such dividend for the purpose of calculating the value of a Participant's Deferred Share Units contemplated by paragraph 8.

11. **Award of Dividend Equivalents.** Dividend Equivalents will be awarded in respect of Deferred Share Units in a Participant's Account on the same basis as dividends declared and paid on Common Shares, as if the Participant was a Common Shareholder of record of Common Shares on the relevant record date. Such Dividend Equivalents will be credited to the Participant's Account as additional Deferred Share Units (or fractions thereof), with the number of additional Deferred Share Units based on a) the actual amount of dividends that would have been paid if the Deferred Share Units credited to the Participant's account on the applicable record date had been Common Shares, divided by b) the closing price for Common Shares on the Toronto Stock Exchange on the date on which the dividends on Common Shares are payable. For greater certainty, no Deferred Share Units representing Dividend Equivalents will be credited to a Participant's Account in relation to Deferred Share Units that have been previously cancelled or paid out of the Plan.

12. **Adjustments and Reorganizations.** In the event of a (i) capital reorganization, (ii) merger, (iii) amalgamation, (iv) offer for Common Shares which if successful would entitle the offeror to acquire all of the Common Shares or all of one or more particular class(es) of Common Shares to which the offer relates, (v) sale of a material portion of the assets of the Corporation, (vi) arrangement or other scheme of reorganization (a "Reorganization") or proposed Reorganization, or (vii) an increase or decrease in the outstanding Common Shares as a result of a stock split, consolidation, subdivision, reclassification or recapitalization but, for greater certainty, not as a result of the issuance of Common Shares for additional consideration, by way of a stock dividend or other distribution in the ordinary course or as a result of a rights offering, the CGNCC may adjust the number of Deferred Share Units for each Participant in such matter as the CGNCC determines, in its discretion, is equitable to reflect such event. Any adjustment so made by the CGNCC shall be conclusive and binding for all purposes of this Plan, and Participants (and any person claiming through a Participant) shall have no other rights as a result of any change in the Common Shares or of any other event.

13. **Unfunded Plan.** Unless otherwise determined by the CGNCC, the Plan shall be unfunded. To the extent any Participant or his or her estate holds any rights by virtue of a grant of Deferred Share Units under the Plan, such rights (unless otherwise determined by the CGNCC) shall be no greater than the rights of an unsecured creditor of the Corporation.

14. **Plan Amendment.** The Board may, without Common Shareholder approval, amend, suspend or cancel the Plan or DSUs granted hereunder as it deems necessary or appropriate including, but not limited to, for (i) amendments necessary to ensure that the Plan complies with applicable law and regulatory requirements, including the requirements of the Toronto Stock Exchange or any applicable exchange; (ii) amendments respecting administration of the Plan and eligibility for participation; (iii) amendments respecting the terms and conditions on which DSUs may be granted; (iv) amendments concerning the addition of, and any subsequent amendment to, any financial assistance provision; (v) amendments that are of a "housekeeping" nature; and (vi) any other amendments not requiring shareholder approval under applicable laws or the requirements of the Toronto Stock Exchange or any applicable exchange, provided that, provided that:

- (a) any approvals required under applicable law or the rules of any stock exchange on which the Common Shares trade are obtained;
- (b) shareholder approval will be sought where the proposed addition or amendment results in: (i) an increase in the maximum number of Common Shares issuable from treasury under the Plan; (ii) a change in the definition of Share Price which would result in an increase in the value of DSUs; (iii) a change in the term of any DSUs; (iv) an amendment to the amending provisions of the Plan so as to increase the Board's ability to amend the Plan without shareholder approval; (v) any change to the categories of individuals eligible to be selected for grants of DSUs where such change may broaden or increase the participation of Insiders under the Plan; (vi) any amendment to remove or exceed the Insider participation limits set out in paragraph 7; or (vii) an amendment that would permit DSUs to be transferrable or assignable other than for normal estate settlement purposes; and

- (c) no such amendment shall, without the consent of the Participant or unless required by law, in the opinion of the CGNCC, cause the interests of a Participant, or cause or permit Deferred Share Units, including Deferred Share Units representing Dividend Equivalents, held in Participants' Accounts at the time of such amendment to be converted to an arrangement that is of less than comparable value to the Participants.

Notwithstanding the foregoing, any amendment of the Plan shall be such that the provisions of the Plan applicable to DSUs continuously meet the requirements of paragraph 6801(d) of the regulations under the *Income Tax Act* (Canada) or any successor to such provision.

15. **Plan Termination.** The CGNCC may decide to discontinue granting DSU Awards under the Plan at any time in which case no further Deferred Share Units shall be awarded or credited under the Plan except as provided below in this paragraph 15. Any Deferred Share Units which remain outstanding in a Participant's Account at that time shall continue to be dealt with according to the terms of the Plan. For greater certainty, Dividend Equivalents shall continue to be awarded, as appropriate, in respect of such outstanding Deferred Share Units pursuant to paragraph 11 of the Plan. The Plan shall terminate when all distributions required to be made pursuant to paragraph 9 of the Plan have been made and all Deferred Share Units have been cancelled in all Participants' Accounts. Notwithstanding the foregoing, any termination of the Plan shall be such that the Plan continuously meets the requirements of paragraph 6801(d) of the regulations under the *Income Tax Act* (Canada) or any successor to such provision.

16. **Final Determination.** The CGNCC may correct any defect or supply any omission or reconcile any inconsistency in the Plan in the manner and to the extent deemed necessary or desirable. Any determination or decision by or opinion of the CGNCC made or held pursuant to the terms of the Plan shall be final, conclusive and binding on all parties concerned. All rights, entitlements and obligations of Participants under the Plan are set forth in the terms of the Plan and cannot be modified by any other documents, statements or communications, except by Plan amendments referred to in paragraph 14 of the Plan.

17. **No Other Benefit.** No amount will be paid to, or in respect of, a Participant under the Plan to compensate for a downward fluctuation in the price of Common Shares, nor will any other form of benefit be conferred upon, or in respect of, a Participant for such purpose.

18. **No Shareholder Rights.** Under no circumstances shall Deferred Share Units be considered Common Shares nor shall they entitle any Participant to exercise voting rights or any other rights attaching to the ownership of Common Shares, nor shall any Participant be considered the owner of Common Shares by virtue of the award of Deferred Share Units.

19. **Reorganization of the Corporation.** The existence of any Deferred Share Units shall not affect in any way the right or power of the Corporation or its Common Shareholders to make or authorize any adjustment, recapitalization, reorganization or other change in the Corporation's capital structure or its business, or any amalgamation, combination, merger or consolidation involving the Corporation or to create or issue any bonds, debentures, Common Shares or other securities of the Corporation or the rights and conditions attaching thereto or to affect the dissolution or liquidation of the Corporation or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar nature or otherwise.

20. **Successors and Assigns.** The Plan shall be binding on all successors and assigns of the Corporation.

21. **General Restrictions and Assignment.** Except as required by law, the rights of a Participant under the Plan are not capable of being anticipated, assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the Participant.

22. **Interpretation.** In this text words importing the singular meaning shall include the plural and vice versa, and words importing the masculine shall include the feminine and neuter genders.
23. **Governing Law.** The validity, construction and effect of the Plan and any actions taken or relating to the Plan shall be governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein.
24. **Currency.** All amounts paid or values to be determined under the Plan shall be in Canadian dollars.
25. **Severability.** The invalidity or unenforceability of any provision of the Plan shall not affect the validity or enforceability of any other provision and any invalid or unenforceable provision shall be severed from the Plan.
26. **Effective Date.** The Plan is effective on the 11th day of August, 2014.
27. **Notice.** Any notice, direction, payment or other communication required, permitted or contemplated by the Plan shall be in writing and shall be sufficiently given if mailed by prepaid registered mail or delivered to the Corporation at its head office (presently 20 Carlson Court, Suite 800 Toronto, ON M9W 7K6) and to the Participant at his or her address as shown on the books and records of the Corporation. Any such notice or other communication, if mailed, shall be deemed to have been given on the fifth day (including Saturdays, Sundays and statutory holidays) after the date of mailing and, if delivered, at the time of delivery, as the case may be. Any party may at any time or from time to time by notice given as aforesaid to the parties, change its address for such notice or other communication.

SECTION 2 – PURPOSE

- (A) To provide a financial incentive for Participants to devote their efforts to the long term success of the Company's business, by aligning Participants' financial interests with those of the Company.
- (B) To provide a financial disincentive for Participants to resign their employment at the Company, thus assisting in the retention of Key Employees.
- (C) To ensure that the total compensation provided to Participants is at competitive levels.

SECTION 3 – APPROACH

- (A) To establish a linkage between the financial compensation provided to Participants and:
 - (a) the Company's long term earnings performance; and
 - (b) the long term performance of the Share price.
- (B) To limit the vesting of certain Awards until the retirement or cessation of employment of a Participant.

SECTION 4 – ELIGIBILITY

- (A) Subject to Section 4(C), from time to time the CEO will make recommendations to the CGNCC regarding Key Employees who may be eligible to receive Awards.
- (B) Subject to Section 4(C), the CGNCC shall, in its discretion, determine which Key Employees shall become Participants.
- (C) In making recommendations under Section 4(A) and determinations under Section 4(B), the CEO and the CGNCC, respectively, shall limit participation in the Plan to those personnel:
 - (a) whose high level of performance has clearly and positively impacted the Company's overall performance; and/or
 - (b) whose extraordinary efforts merit such participation; and/or
 - (c) whose future performance is deemed to be crucial enough to the overall achievement of the Company's performance goals to warrant such participation,

in each case determined in good faith by the CEO or the CGNCC as applicable.

SECTION 5 – LTIP POOL

- (A) For each Fiscal Year, the CGNCC will approve a notional LTIP Pool. Unless otherwise determined by the CGNCC pursuant to Section 5(B), the LTIP Pool for a Fiscal Year shall equal 10% of the Company's EBIT for the Fiscal Year and the preceding two (2) Fiscal Years, divided by 3.
- (B) In the event that the CGNCC determines that the EBIT earned in a particular Fiscal Year is not reflective of the Company's performance in that Fiscal Year (for example, if a large one time gain or charge is recorded that in the opinion of the CGNCC 'skews' the EBIT results for the year), and if the CGNCC determines that the formula outlined in Section 5(A) above is therefore inappropriate, the CGNCC may adjust the EBIT for

the purposes of the Plan's LTIP Pool calculation to a number that it determines to be more appropriate and reflective of the Company's actual performance in the relevant Fiscal Year.

- (C) Unless otherwise determined by the Board of Directors of the Company, the Plan shall be unfunded. To the extent any individual holds any rights by virtue of an Award under the Plan such rights shall be no greater than the rights of an unsecured general creditor of the Company.

SECTION 6 – SHARE RESERVE

- (A) Subject to Section 6(C), the maximum number of Shares which may be issued pursuant to the Plan and all other security based compensation arrangements of the Company is four per cent (4.0%) of total outstanding Shares. No one Participant may receive any Award which, together with all Awards then held by such Participant would permit such Participant to be issued a number of Shares which is greater than four per cent (4.0%) of the total outstanding Shares. In addition the number of Shares issued to Insiders within any one year period, or which may be issuable to Insiders at any time, under all security based compensation arrangements of the Company, shall not exceed 4.0% of the total outstanding Shares.
- (B) Should the Company issue additional Shares in the future, the number of Shares issuable under the Plan will increase accordingly. The Plan is considered an "evergreen" plan, since the Shares covered by DSUs and RSUs which have vested shall be available for subsequent grants under the Plan and DSUs and RSUs available to grant increases, subject to Section 6(A), as the number of issued and outstanding Shares of the Company increases.
- (C) Notwithstanding Section 6(A), the Company shall have no obligation to issue Shares in respect of any RSUs or DSUs under the Plan and shall not issue Shares under the Plan unless such issuance complies with applicable law, including, for greater certainty, any Stock Exchange Rules with respect to shareholder approval of the Plan or the reservation or issuance of Shares thereunder.

SECTION 7 – AWARDS AND VESTING

- (A) Awards to individuals who were Key Employees during a Fiscal Year in respect of the LTIP Pool for such Fiscal Year will be made annually following public release of the Company's audited annual financial statements for such Fiscal Year, and will be made at the sole discretion of the CGNCC on the recommendation of the CEO.
- (B) A Participant's Initial Award Value in respect of the LTIP Pool for a Fiscal Year will be determined by the CGNCC based on the Participant's individual performance and contribution to the Company's performance in the Fiscal Year preceding the granting of an Award in respect of such Fiscal Year.
- (C) The number of RSUs or DSUs awarded to a Participant in respect of a LTIP Pool for a Fiscal Year will be determined by dividing the Participant's Initial Award Value for such Fiscal Year by the FMV on the applicable Award Date and will be made in the form of RSUs or DSUs as determined in accordance with Section 7(F).
- (D) At any time, the CGNCC may make Awards to Key Employees that are not based on the LTIP Pool for a particular Fiscal Year and may make Awards in respect of the LTIP Pool for a particular Fiscal Year to individuals who were not Key Employees during such Fiscal Year, but who subsequently became Key Employees. Awards that are not based on the LTIP Pool for a particular Fiscal Year may be in the form of RSUs and/or DSUs, as determined by the CGNCC. Awards made in respect of the LTIP Pool for a Fiscal Year to an individual who became a Key Employee after such Fiscal Year shall be made in accordance with Sections 7(B), (C) and (E).
- (E) Subject to Sections 9 and 10 below, Awards will vest as follows:

- (a) Restricted Share Units: An Award made in the form of RSUs will vest in such proportion(s) and on such date or dates as may be specified in the Award Notice governing such Award, provided that, in the event an Award Notice in respect of RSUs does not specify the date or dates on which such RSUs will vest, such RSUs shall vest in three equal installments on December 1 of the year in which the Award is made and each of the two subsequent years or in accordance with Section 9(H); and
- (b) Deferred Share Units: Awards made in the form of DSUs will vest only upon the Participant's Cessation of Employment Date.
- (c) The minimum vesting period for Restricted Share Units and Deferred Share Units will be three months from the Award Date.

The value at a particular time of any RSU or DSU awarded under the Plan or credited in accordance with Section 8 shall equal the FMV at such time. Notwithstanding any other provision of the Plan, no amount will be paid and no other benefit will be provided to, or in respect of, a Participant under the Plan in connection with any RSUs or DSUs that have or may be awarded under the Plan to compensate for a downward fluctuation in the value of the Shares.

- (F) All Awards to a Participant in respect of the LTIP Pool for a Fiscal Year will be made in the form of DSUs until such Participant has reached an established threshold value of DSUs held, determined as follows:

Following the establishment of the LTIP Pool for a Fiscal Year and the Initial Award Value for a Participant and prior to an Award being made to a Participant for such Fiscal Year, the total FMV of the DSUs then held by the Participant will be calculated.

- (a) If an Award based on the applicable LTIP Pool and Initial Award Value would result in the Participant having accumulated DSUs with an aggregate value that is less than or equal to the appropriate threshold outlined in Section 7(F)(c) below (based on the FMV on the date on which the above-noted calculation is made), the Award will be made entirely in the form of DSUs.
- (b) If an Award based on the applicable LTIP Pool and Initial Award Value would result in the Participant having accumulated DSUs with an aggregate value that is greater than the appropriate threshold outlined in Section 7(F)(c) below (based on the FMV on the date on which the above-noted calculation is made), the portion of the Award up to the threshold will be provided in the form of DSUs and the portion of the Award in excess of the threshold will be provided in the form of RSUs, with the number of DSUs and RSUs determined in accordance with Section 7(F)(c).
- (c) The DSU thresholds required before Awards will be made in the form of RSUs are:
 - (i) in the case of the CEO, three times his/her annual base salary;
 - (ii) in the case of the Company's President (when not the CEO), Executive Vice Presidents and any other Participant designated by the CGNCC as eligible for the Executive Vice President level of Award, three times their annual base salary; and
 - (iii) in the case of all other Participants, two times their annual base salary.
- (G) The assignment or transfer of unvested RSUs and DSUs, or any other benefits under this Plan, shall not be permitted, except as expressly provided herein.

SECTION 8 – TREATMENT OF DIVIDENDS

If and when cash dividends are paid with respect to Shares to shareholders of record as of a record date occurring during the period from the Award Date of a Participant's Award to the Settlement Date of the RSUs or DSUs comprising such Award, a number of dividend equivalent RSUs or DSUs, as the case may be, shall be credited to the Participant equal to the number of RSUs or DSUs, as the case may be, having an FMV as of the payment date for such dividend, equal to the product of (i) the cash dividend paid with respect to a Share multiplied by (ii) the number of RSUs or DSUs subject to such Award (including dividend equivalent RSUs or DSUs previously credited in connection with such RSUs or DSUs) as of the record date for the dividend. The additional RSUs or DSUs credited to a Participant under this Section 8 shall be subject to the same terms and conditions, including vesting and Settlement terms, as the RSUs or DSUs to which they are attributable.

SECTION 9 – SETTLEMENT OF VESTED AWARDS

- (A) The Settlement of all Awards will be made in accordance with the provisions of this Section 9.
- (B) The Settlement Date of a Participant's vested RSUs shall be determined by the CGNCC, provided that such Settlement Date shall be on or after the date of vesting of such RSUs and no later than 30 days after the vesting date of such RSUs.
- (C) The Settlement Date of a Participant's vested DSUs shall be determined by the CGNCC, provided that such Settlement Date shall be after the Participant's Cessation of Employment Date and no later than 30 days after the Participant's Cessation of Employment Date.
- (D) Settlement of a Participant's vested RSUs and DSUs may be in newly issued Shares, Shares bought on the open market, cash or any combination of such Shares and cash, as determined by the CGNCC. Subject to Section 9(E), Settlement of vested RSUs and DSUs in Shares shall be made by way of (i) the issuance by the Company of one Share for each RSU or DSU being settled in newly issued Shares as of the relevant Settlement Date or (ii) the purchase on behalf of the Participant (or his legal representative, as the case may be) on the Stock Exchange through an independent intermediary of one Share for each RSU or DSU being settled in Shares bought on the open market pursuant to trade instructions sent by the Company as of the relevant Settlement Date. Subject to Section 9(E), Settlement of vested RSUs and DSUs in cash shall be made by way of the lump sum payment of an amount equal to the FMV on the relevant Settlement Date multiplied by the number of RSUs and/or DSUs being settled in cash as of such Settlement Date. No fractional Shares will be issued and any fractional RSUs and/or DSUs shall be settled in cash based on the FMV on the relevant Settlement Date.
- (E) The Company and its subsidiaries may withhold from any amount payable to a Participant, either under the Plan or otherwise, such amount as may be necessary to enable the Company or subsidiary to comply with the requirements of any applicable law relating to the withholding of tax or any other required deductions with respect to DSUs and/or RSUs. The Company and its subsidiaries may also satisfy any liability for any such withholding obligations, on such terms and conditions as the Company may determine in its discretion, by (a) requiring a Participant to sell any Shares issued hereunder, or retaining any amount payable, which would otherwise be provided or paid to the Participant hereunder or (b) requiring a Participant, as a condition to the Settlement of any DSUs and/or RSUs, to make such arrangements as the Company may require so that the Company and its subsidiaries can satisfy such withholding obligations, including, without limitation, requiring the Participant to remit to the Company or a subsidiary in advance, or reimburse the Company or subsidiary for, any such withholding obligations.
- (F) In the event that a Participant's employment with the Company is terminated without cause, effective as of the Participant's Cessation of Employment Date:
 - (a) All DSUs previously awarded to such Participant will immediately vest;

- (b) Such vested DSUs will be available for immediate Settlement in the manner described in Section 9(D); and
 - (c) Any unvested RSUs of the Participant will immediately expire without any payment therefor.
- (G) In the event that a Participant dies while an employee of the Company, effective as of the Participant's date of death:
- (a) All DSUs and all RSUs previously awarded to such Participant will immediately vest; and
 - (b) Such vested DSUs and/or RSUs will be available for immediate Settlement in the manner described in Section 9(D).
- (H) In the event a Participant in the Company's employ retires after having reached 65 years of age, effective as of the Participant's Cessation of Employment Date, provided that such Participant has signed a two (2) year non-competition and non-solicitation agreement in the form determined by the Company:
- (a) All DSUs and all RSUs previously awarded to such Participant will immediately vest; and
 - (b) Such vested DSUs and/or RSUs will be available for immediate Settlement in the manner described in Section 9(D).
- (I) In the event a Participant resigns his/her employment with the Company prior to reaching 56 years of age, or in the event a Participant is terminated for cause at any age, effective as of the date on which Participant gives notice of his or her resignation or receives notice of termination for cause, as the case may be, unless otherwise determined by the CGNCC, on the advice of the CEO all DSUs and all unvested RSUs will be forfeited.
- (J) In the event a Participant in the Company's employ retires after having reached 56 years of age, but prior to reaching 65 years of age, effective as of the Participant's Cessation of Employment Date, provided that such Participant has signed a two (2) year non-competition and non-solicitation agreement in the form determined by the Company:
- (a) for each birthday beyond age 55 attained prior to retirement, 20% of such Participant's awarded DSUs will immediately vest and will be available for immediate Settlement in the manner described in Section 9(D), above;
 - (b) the CGNCC may, on the advice of the CEO, accelerate the rate of DSU and/or RSU vesting in cases of planned and mutually agreed early retirements; and
 - (c) any unvested RSUs of the Participant will immediately expire and will be forfeited (see table below).
